OPERATIONS REPORT FOR DECEMBER

All of the roads that were contracted to Ian Rixon have been finished the only job that is left to do is the culvert on Heathers Lagoon Road into Firewood Road this will be done shortly.

A heavy storm went through Snake Creek area on the 29.11.12 and caused a fair bit of damage on Coach Road.

We still have a few guide posts to put in on Haines, Milton but because of staff shortages still needs to be completed.

Some road patching is still to be done by council staff this will be done when time permits as there will only be Kylie and I here until after New Year at this stage.

Batchelor town area has had a few problems but all okay except for public toilets near tavern which are in the process of being fixed.

Adelaide River oval sprinkler system requires attention. The biggest problem is the water from the main tank to the oval doesn't have a shut off valve. We shut the water off, or set the timer to suit, and other parties can come along and switch the pump back on to water the new grass that is being grown on the new road verge and the new watering system in Glen Huitson Park. Spoke to Power and Water and we will put a shut off valve at the oval.

The streets and drains around Adelaide River need to be cleared.

Council staff have removed the tree in Hardy Street.

Started slashing our bitumen roads, Haines, Strickland, Crater Lake and Coach and Miles Roads have been done.

We have started doing the Mimosa grant project on the Adelaide River; hope the weather holds as we are behind on this project.

The Dumps – Batchelor dump slot is full and now we have moved back onto the face dump very hard to keep tidy.

The dumping of tyres seems to have been brought under control.

Adelaide River still dumping in the slot but will not be long before water stops this and will have to go back to the face dump.

Few subdivisions have put in their driveway accesses and hopefully in the New Year will have a few more titles to rate.

Gamba Program – The Government has stated that the free chemical program will be carried on next year but as yet we have not received any. Were successful in getting a small \$10,000 Gamba grant so will be selective with what funds we have to start on our road reserves.

There is still chemical at cost available to land holders at council yard, although the price has gone up slightly.

BACKGROUND

A Rates and Charges Policy will provide direction for council staff for the recoupment of outstanding rates and charges. A draft Rates and Charges policy is presented for authorisation by Council.

COMMENT

The Rates and Policy Charges Policy will determine the methods implemented to recoup outstanding Rates and Charges as outlined in Confidential Item 11.1 confidential rate arrears report

CONSULTATION

CEO Lee Farrell

Finance Manager Melissa Kerr

Administration Manager Jo'Anne Kinter

STATUTORY ENVIRONMENT

Part 11.7 Interest on unpaid rates

162 Accrual of interest on overdue rates

(1) If rates are not paid by the due date, interest accrues on the amount of the unpaid rates at the relevant interest rate.

Note

If the ratepayer defaults in payment, all remaining instalments become due and payable. Interest therefore accrues on the total amount of the unpaid rates and not merely the amount of the instalment. (See section 161(2)).

(2) Interest is calculated on a daily basis on the amount in default (exclusive of interest) from the due date until the date of payment.

(3) The relevant interest rate is a rate interest fixed by the council as the relevant interest rate.

(4) A council may:

(a) fix a rate of interest as the relevant interest rate; or

(b) vary a rate of interest previously fixed as the relevant interest rate.

163 Remission of interest

A council may remit interest wholly or in part.

165 Rate concession to alleviate financial hardship

(1) A council may grant a rate concession to alleviate financial hardship.

(2) A rate concession may be granted on application by a person who establishes to the council's satisfaction that the person will suffer financial hardship if the concession is not granted.

Part 11.9 Recovery of rates

Division 1 Application of this Part

168 Extended meaning of rates in this Part

In this Part:

rates includes:

(a) a charge; and

(b) if the rates (or charge) are overdue:

(i) accrued interest; and

(ii) costs reasonably incurred by the council in recovering, or attempting to recover, them.

Division 2 Recovery by action

169 Recovery by action

(1) Rates may be recovered as a debt due to the council from the principal ratepayer or any other ratepayer by action in a court of competent jurisdiction.

(2) The proceedings may be commenced at any time within 6 years after the rates were imposed.

Division 3 Overriding statutory charge

170 Overdue rates to be a charge on land If rates are not paid by the due date, the rates become a charge on the land to which they relate.

Exceptions:

1. Rates do not become a charge on land unless the owner of the land is a ratepayer who is liable for the rates that are in arrears.

2. Rates cannot become a charge on land within an Aboriginal community living area.

171 Registration of charge

(1) After rates have been in arrears for at least 6 months, the council may apply to the appropriate registration authority for registration of the charge over the land to which the charge relates.

(2) The registration authority must, on payment of the appropriate fee by the council:

(a) register the charge as an overriding statutory charge; and

(b) notify all persons with a registered interest in or over the land of the registration of the charge.

(3) Failure to give notice of the registration of the charge under subsection (2)(b) does not invalidate the registration of the charge.

(4) A registration authority must cancel registration of a charge if the council applies for the cancellation.

(5) The council must apply for cancellation if the liability to which the charge relates is fully satisfied, and may apply for cancellation for any other reason.

172 Effect of registered charge

While a charge is registered as an overriding statutory charge under this Division, it has priority over all other registered and unregistered mortgages, charges and encumbrances except a previously registered overriding statutory charge.

7.4 COUNCIL REPRESENTATION REVIEW 2012 – LOCAL GOVERNMENT ACT SECTION 23

Applicant:	Council
Location/Address:	N/A
File Ref:	CC/92
Disclosure of Interest:	Nil
Date:	11 th December, 2012
Author:	Lee Farrell, Chief Executive Officer
Attachments:	Representation Survey Results as at 13 th December, 2012. Notes from Public meetings, November Current Coomalie Wards Map Proposed Locality Boundaries Ward and Representation Report to Local Government.

SUMMARY

In the last three months, three (3) Councillors have resigned from the Coomalie Council. Council has resolved that Minister for Local Government approval be obtained to defer the holding of By-elections until Council has completed a review of elected Representatives in accordance with section 23 of the Local Government Act. The Minister has agreed to defer the need to hold elections until he has reviewed Councils submission which will be received after Councils meeting to be held on 15th January, 2013.

BACKGROUND

Council when undertaking the overall review of Operations and services being provided highlighted the need for Council to review the number of Council representatives that currently exist. The representation of nine (9) members was considered to be excessive especially when considered with our neighbouring Local Authorities.

Council has convened three Public meetings as follows - Batchelor 12/11/2012 - 4 members of the Public; Lake Bennett 14/11/2012 – 9 members of the Public; Adelaide River 21/11/2012 – 8 members of the Public.

On 1st November, 2012, 600 information questionnaires on Wards and Representation were posted out to ratepayers and copies distributed to locations in Adelaide River and Batchelor for completion by interested residents of Coomalie. On 13th December, 2012 a total of 60 Wards and Representation and 64 Strategic Plan surveys have been returned. This information has been collated and is attached for Councils consideration.

COMMENT

Having considered all the relevant information received in respect to the questionnaire, I have considered the comments made at the Public meetings and the results of the survey. I have also considered each question required under the Local government Act section 9 and Local Government regulations R63(2) and the response is as per the attached report as required by the Department of Local Government.

The recommendation is based on the requirements under Regulation 63 ; Community Interests, Types of communication; Trend in Population changes, Density of Population, Physical feature so they fit the area. , members numbers for each ward to be as equal as practicable, size of the wards, keeping the demographic and geographic nature of each ward the same, identified community within one ward.

In assessing all information I have recommended as follows;

No of Wards Three (3) being as follows:

Batchelor Township Ward; (No Change) The boundary of this ward will be amended should any development occur adjacent to the Batchelor Town site. One proposal is currently pending.

Adelaide River Ward (incorporates AR Town & AR Rural Wards). Should Council be successful in the unincorporated land being included within the Coomalie Shire then this area and population will form part of the Adelaide River Ward. These people already associate with the AR area and currently use the AR facilities.

Coomalie Rural Ward – (incorporates Lake Bennett, Coomalie Tortilla, Batchelor Rural Wards) It involves incorporating the areas within the Lake Bennett, Batchelor and Coomalie Tortilla Wards. Subdivision of land is occurring in this area and therefore it has room to grow. The residents of Lake Bennett have more of an affiliation with Batchelor rather than Adelaide River area.

These wards best meet the requirements of regulation 63 of the Local Government Regulations, and the Local Government survey results.

Number of Elected representatives:

The number recommended is 6 being as follows:

Batchelor Township	2 members
Adelaide River Ward	2 members
Coomalie Rural ward	2 members.

This representation is in line with our neighbouring Council Litchfield Shire.

The decision of Council will be advertised and further comments sought. These submissions (if any) will then be received and further discussed by Council before the final decision is made by Council. This RECOMMENDATION will be submitted to the Minister for Local Government for his decision. These changes will be included in Councils Shire Plan and will not take effect until the next election which is March 2016.

SUMMARY

The following application has been received from Mr John McLean Community Development Officer for the above Incorporation.

Batchelor Prettification/Landscaping Project

Darwin Regional Indigenous Advancement CDEP aim is to set up and develop a Batchelor Prettification/Landscaping Project. In partnership with other identified key stakeholders i.e. Coomalie Council and Batchelor Institute. Our aim is establish a positive working partnership that will enable us to set up and deliver a program that will beautify the community (Batchelor Community Oval). With an established working partnership we would like to be able to provide Batchelor CDEP Participant opportunities that will enable them participate in suitable training, workshops, work experience e.g. horticulture, landscaping, tourism etc. We believe these opportunities can only enhance their pathways in future training and employment

The Community Development Employment Projects (CDEP) program helps Indigenous job seekers to gain the skills, training and capabilities needed to find sustainable employment and improves the economic and social well-being of communities. CDEP is one of the key Indigenous employment programs contributing to the Australian Government's aim of halving the gap between Indigenous and non-Indigenous employment within a decade. The CDEP program provides services and projects through two streams: the Work Readiness Stream and the Community Development Stream.

-Work Readiness services help job seekers to develop their skills, improve their chances of getting a job and move to work outside of the CDEP program.

-Work Readiness services include pre-vocational and vocational training and work experience.

Community Development Officer

BACKGROUND

Meetings have been held with John Mclean over the past two months and they have established a part time office adjacent to the Rum Jungle Bowling Club. John also works in three other areas and is not solely operational in Batchelor.

The meetings have discussed various options including the Project outlined under the summary section. The following issues were discussed and agreed to in principal at a meeting attended by Clr A Turner, Operations Manager and CEO. These matters would be referred to Council for consideration.

- Rename the project Batchelor Prettification and Landscaping of Community Parks and Recreation area Project.
- Council to Develop Plans for these areas
- Council to develop the role to be undertaken by DRIA.
- Council to provide machinery, supervision and staff as required to assist with these projects.
- DRIA will provide Horticulturist to assist with the project
- DRIA will provide 7/10 workers on a 26 week programme with options for full time employment on completion
- DRIA will provide onsite training
- DRIA will provide Plants and trees for project

COMMENT

The meeting agreed that this proposal has a lot of merit and a partnership could be developed to undertake projects that Council may not have been able to complete within the immediate future. Some of the other projects could include the following:

Assistance with Bowling Green Maintenance – Rum Jungle Bowling Club

Recycling

Tourism

Tidy Towns Projects

Road maintenance works

Swimming Pool Supervision

These projects will need training for participants which can be arranged either from outside source or internally. The Project is planned to commence in February 2013.

7.6 GRANTS COMMISSION – REVIEW OF ROAD FUNDING METHODOLOGY

Applicant:	Northern Territory Grants Commission
Location/Address:	N/A
File Ref:	CC104 # 1
Disclosure of Interest:	Nil
Date:	11 th December, 2012
Author:	Lee Farrell, Chief Executive Officer
Attachments:	Letter from NT Grants Commission.

SUMMARY

The Northern territory Grant Commission is undertaking a review of its road funding methodology and is seeking submissions from Council by 31 January, 2013. The review paper is attached.

BACKGROUND

This road review has remained unchanged since in inception in 1992-93 with the exception of minor adjustments to some road weightings in 1995. The Commission is looking at two elements being:

1. An examination of the appropriateness of the current road weightings and the use of the revised location factor to recognise the differential in road maintenance costs between the various councils ; and
2. To reconcile the Commissions current database with road audit work that has been undertaken through the Department of Lands and Planning (Shire Councils only).

COMMENT

The document refers to 6 options for discussion by Council – having read each item I would recommend that Current Road data with the New Location factor be the preferred option for the following reasons:

1. Should Council increase in size then this formula will work in our favour as it takes in the road and isolation cost factor.
2. As new subdivisions are developed the new roads will be added and included in the calculation.

7.7 BOUNDARY ROAD

Applicant:	Ian Fulton – Darwin River Diesels
Location/Address:	N/A

Disclosure of Interest:	Nil

SUMMARY

The following application has been received from Mr Ian Fulton.

My name is Ian Fulton and I am the Landowner of Lot 2199 (455) Boundary Road, Collett Creek (Hundreds of Cavenagh). I require road access to my property to construct a residential Dwelling for my permanent residence. My aim is to commence construction as soon as the weather permits in 2013.

It is my goal to have the easement of Boundary Road cleared between Mira Road South and Letchford Road (to the corner of my allotment) to enable access to my property.

On Wednesday 5th of December 2012, I met with Power and Water to commence negotiations for the provision of mains power to my allotment. A cleared and reasonable easement of access is required to maintain Power and Water assets. My decision to enquire about and pursue the provision of mains power is greatly influenced by the existence of the DSEP (Distribution System Extension Policy) grant/subsidy currently available within this area from Power and Water. The DSEP grant provides the installation of HV power lines at a greatly reduced cost.

After meeting with other landowners within the area affected, it has been brought to my attention that there is a proposal by WRSC to clear the Letchford Road easement as per the email provided in the Coomalie Community Government Council Minutes of November 20, 2012.

This proposal appears to benefit all landowners in the area by providing clear, straight line access enabling growth, future development and the potential provision of essential services.

BACKGROUND

The opening of any roads in the Northern section of the Shire has been submitted to the Dept. of Lands and Planning and they are considering Council application to develop a major route through the Northern section of the Shire.

COMMENT

Council has not agreed to clear any roads in the Northern area until all issues have been discussed and resolved with the Dept. of Land and Planning.

The ownership of Boundary Road has also been referred to the Dept. of Lands & Planning and their response is as follows ;

I checked with the Land Records Unit within the Survey Branch and can confirm that the original technical descriptions, done in 1985 and 1990 for Litchfield and Coomalie, identify that the common boundary is along the northern boundary of Boundary Road.

Boundary Road is therefore within Coomalie Shire. I am unaware of any convention with regard to responsibility for such roads. However I note that some properties within Litchfield are accessed via Boundary Road suggesting responsibility is a matter of negotiation between the two councils.

I am continuing investigation of issues surrounding future access to properties in the north west of Coomalie and will get back to you soon.

When an inspection of the Northern area is being undertaken with the Planning Dept officers. (hopefully next week) I will call in and discuss Councils Northern road proposal and Boundary Road with the CEO of the Litchfield Council.

Mr Ian Fulton has requested this to be listed on Councils Agenda for discussion. See below email

I would like to submit an agenda item for your review & approval at the next meeting (18/12/12) being a road clearing permit for Lot 2199 (455) Boundary Road, Collett Creek.

It is my intent to provide reasonable access to my allotment from the end of Mira Road South along Boundary Road for the purpose of constructing a Dwelling for my permanent residence.

SUMMARY

The following is the decision of Council from its May 2012 meeting.

Moved Cr. Turner, Seconded Cr. Crook that Boundary Consultation/Expansion be a standing item on the council agenda until resolved. Council supports making this a priority for council. Cr. Turner has undertaken to provide the initial structures for our decision making.

The following is the decision of Council from its July 2012 meeting

Moved Cr Gray, Seconded Cr Turner that Councils priority is for the CEO to initiate discussions with the various stakeholders and commence detailed research into the extension of our boundaries to develop (if possible) a sustainable Council that will provide the necessary service and capital expansion required for the total area serviced by the expanded Council. Once all negotiations have been completed with the relevant stakeholders, this proposal be then put out for Community consultation.

The following is the decision of Council from its August meeting 2012.

Moved Cr. Crook, Seconded: Cr. Turner that to progress the amalgamation question, the President Cr J Colver, Cr A Turner and the CEO meet with representatives of the Department of Local Government NT following the NT Elections on a date to be determined.

No action taken at November meeting 2012.

BACKGROUND

The Deloitte report has now been released and every Councillor has received a copy of this report. This report has been discussed by Council.

COMMENT

15/11/12 Invitation sent to the Minister for Local Government to attend the December meeting of Council.

4/12/12 Cr A Turner and the CEO met with Giovina D'Alessandro Director Local government and Community Services, John DeKoning Deputy Chief Executive, John Tobin Director – Shires Sustainability Project. The points of interest from the meeting were as follows;

- Local Government Department have not tested the water in respect to the amalgamation of Council's
- Local Government Advisory Board has been formed which is made of representatives from Local government and others. Coomalie Council is not represented.
- The Advisory Board will be reviewing the smaller Councils over the next 2 months.

CEO Activities Report 13th November, 2012 to 12th December, 2012.

1. Infrastructure Asset & Financial Management Planning

I attended the final Asset and Financial Management course in Darwin on 5th & 6th December, 2012 and this will now allow Council staff to develop and present the long term financial planning reports to Council in January 2013. The system allows changes to be made in accordance with Councils Strategic and Shire Plans. Unfortunately the financial position of Council is much as expected and will take some sound financial management practices to bring this Council to a position where it can maintain its existing assets.

2. Batchelor Tourist Information meeting – 4th December, 2012.

A Strategic planning meeting was held at the Rum Jungle Tavern, Batchelor on 4th December, 2012 to continue with the review and development of a new Strategic Plan for the Batchelor Tourist Association. They have planned another meeting for the 18th December to finalise the Plan. The Minister for Tourism also requested that this group review the Litchfield and Mary River National Park Plan of Management before it is presented to Parliament.

3. Adelaide River Tourist Meeting

- Clr Max Corliss and I met with the Adelaide River Committee prior to Warren Snowdens visit on Thursday 8th November, 2012. The meeting highlighted the various issues that are pending and require Government involvement -
 - Information centre – Adelaide River War Museum
 - Roadway and parking area Adelaide River cemetery
 - Dual use footpath – Adelaide River.
 - Restoration Armoury area at Adelaide River.
 - Development of Information centre Adelaide River.

Applications have now been completed and submitted for the following grants;

- a. Restoration ER Armament Depot and Rail Line; \$5 million – Round 4 RDAF
- b. Dual use footpath – Adelaide River \$247,500 Priority 1. SPG
- c. Dual use footpath – Batchelor \$191,250 Priority 2. SPG
- d. Purchase of Grader - \$295,000 – Priority 3 - SPG
- e. Development of Information Centre Adelaide River - \$300,000 Round 3 RDAF

4. Chin Estate

- a. Met with the Dept. of Lands & Planning on 4th December, 2012 and they indicated that there were no funds available. I advised that letters will be written to the Planning Ministers for NT & Commonwealth Government's to seek funding for uncompleted road works around and through this subdivision.
- b. The landowners have advised that they have engaged a contractor to cart the rocks into the respective properties for road access during the wet season.

5. Development of an Audit Committee

Council staff have commenced the development on the Terms of Reference which clearly sets out

- What the Committee does and how,
- Appointment of chairperson and election of Committee etc. (already done),

Once the above has been completed, the next stage will be to call an Audit Committee meeting to commence their review of operations.

6. Tourist facilities – Toilets and Water Usage at Drop Points

The other high expenditure point is the cleaning of toilets at Adelaide River War Museum. The current cleaning cost is \$18,000. I have followed up on the cost of coin operated units and waiting for costing to be supplied.

7. Council Staff

- The office will be closed over the Xmas New Year break, however Operations staff will be working as required.
- Mr Patrick Atie resigned from Council on 7th December, 2012. This position will be advertised in the New Year.
- The Staff Xmas Party is being held on Friday 14th December, 2012 with Council meeting the cost of the food. Council staff will be paying for their own drinks.
- I have moved my place of residence within the Shire – it's now Unit 12, Chinner road, Lake Bennett.

8. TOPROC Meeting 15th November, 2012

I attended the meeting of TOPROC which was held in the Litchfield Council Chambers on 15th November, 2012. Business discussed was as follows:

- TOPROC will submit an application for funding under SPA Grants for the development of a Governance Plan for the waste Site.
- Darwin Council submitting an application for the construction of a pool that will meet World swimming standards.

9. Hawkers License

I have received a request from a local business for Council to implement Hawkers Licenses to control door to door selling in the town sites. This activity does have an impact on the sales of retail business that sell the sale product. The Hawkers' currently to not need a License nor are they required to pay a fee.

Has Council any thoughts on this issue?

10. Meeting with Department of Transport – 14th November, 2012

- a. The following issues were raised and I have again requested a response to the below questions;

Just a follow up on our discussions re the meeting held on 14th November, 2012

1. *Have you any details on TAMS road counts for local Coomalie Roads. We do not appear to have any information.*
2. *Contracts – You were to follow up on the following contracts*
 - a. *Adelaide river & Batchelor Mowing contracts*
 - b. *Rubbish Collection*
 - c. *Managing the road closure in the wet season*
 - d. *Memo of understanding re wet season road issues.*
3. *Chin Estate – Will send a letter to the Dept. of Planning and Local Government re the funding of these roads around and through the Chin estate.*
4. *Road proposal – Northern route – Council has endorsed in principal. Will send the proposal to the Dept. of Planning for comment.*
5. *Traffic signs – is the draft sign proposal available for comment by Council before it goes to the Minister.*

Thanks again for the opportunity of discussing the above issues.

11. Meeting of Staff and Councillor

Mr C Black has undertaken the mediation in accordance with Councils resolution 003/051112. Both parties have signed the agreement.

12. Strategic Planning Information :

- The Strategic Planning questionnaire has been forwarded to residents and the attached spread sheet with data collected up to 12th December, provides Councillors with information to develop its Strategic and Shire plan for the next 10 years.

- From the Public meetings held the following issues were also raised;
 - **Batchelor**
 - Batchelor Airstrip
 - Subdivision of smaller area in rural blocks
 - Retain Batchelor as Historic Town
 - Development of Aged Person Homes.
 - **Adelaide River**
 - The Development of a Retirement Village to be researched
 - Recycling to be expanded
 - Keep Council owned Land in Adelaide River.
 - **Lake Bennett**
 - Funding to maintain Chinner road
 - Recycling to be developed within the resort area.
 - Slashing of road verges to be consistent in the wet
 - Repairs to floodways' urgent
 - Heather lagoon Creek are needs upgraded.

13. Recycling

- In the Stop Press Council has invited persons to be involved in the KABC programme for the three centres. I have also sent out an email seeking persons whom I have spoken to, to put their names forward and become involved in the establishment of the Committee. The brief was as follows:

Hi all,

Further to our discussions I would like to form a Tidy towns Committee responsible for the development of the following areas;

- Assist with the development of Waste and recycling facilities within the Town sites (Lake Bennett Included).
- Education programmes relating to waste management and recycling.
- Environmental issues and all aspects associated with the environment
- Grant programs.
- Program of Tidy Towns events moving forward.
- Involvement of local schools and Student Representative Council on the Committee.

To date I have not received a response from any locals but from the interest some of you have shown in this area, I extend an invitation to be part of this small Council committee to bring the Coomalie Community back onto the Tidy Towns agenda and address the issues associated with waste and the environment in our towns.

The involvement will be your participation in meetings and input.

I look forward to your response and acceptance of this invitation.

Ryan & Tony – looking for a school representative or Student representative council.

Recreation Officer Report November/December

Tennis - Gone quiet over the last month due to storms at 5pm and people away.

Boxing – Boxing Fitness is still happening at the BAS under the guidance of Christabel and Ryan Martin (Principal). John McLean from Ironbark has a new CDEP program – therefore unable to run boxing at present.

Scouts – Steve McWilliams met with several residents on 19th November and has five interested adults to help start up and run the Coomalie Scouts one night a week, starting in the New Year. Future vision is to provide Coomalie Scouts for community events – primarily the Centenary years from 2014 to 2018 Anzac Services at Adelaide River.

Coomalie Swimming Group - Information day on 21st November shows there is huge interest. First Swim class was held on 5th December and we have eight toddlers under four learning to swim. Plus fifteen children five years and up in training. The funds to register for classes are deposited into a Swim Group code through Council with \$1.00 per child going into the swimming pool code. Royal Life Saving came down again in November and accredited another nine Bronze Medallion holders. Coomalie is getting a 'great rap' through Royal Life Saving as being a very well run pool with enthusiastic Bronzes everywhere. This week Katherine Council rang for advice on managing swimmers while they did not have a supervisor at the pool – telling us that Royal Life told them to talk to us.

Seniors Christmas Lunch – Plans all in motion for 18th December at the ARSS Club. Community bus will head down from Batchelor/approx 60 people plus we are putting away seven meals for seniors who have been booked in hospital for appointments but will collect the lunch later for their evening meal.

Batchelor Markets – Held on 9th December at a slightly different location and a more favoured spot. Twelve stallholders and also Lingalonga Festival employed a local face painter to do Christmas faces for the little ones. Markets will break now until April or May. Batchelor Tourism Committee suggested the Council put up a notice for a Community volunteer to run the Monthly Markets.

Australia Day – Nomination Forms are out at both Post Offices. Please encourage people to nominate someone or an event. Volunteers needed for the Big Breakfast on 26th January – from 5am/6am/7am.

School Holiday Program – Run from January 7th through to 24th January for 3 days each week with a live theatre performance on Australia day. Anglicare will be helping out each Thursday and working alongside a drama teacher employed through the Youth Vibe Grant.

Friday Night Fun - Following is information on what we get up to at the Bruce Jones Community Centre. Friday Night Fun is proving to be a real winner with the children. The General Store provides a new release video each week and Night Patrol is very proactive after their boss at Ironbark asked them to come on board from 5pm to 9pm. After a couple of weeks one of my parent helpers asked if he could help to fund these evenings. Don Law works for the John Holland Group (JHG) and was mentioning what he does on his Friday nights to his co workers. The HR Department at JHG have now become our sponsor for Friday Night Fun and are keen to come along in 2013 and help on the evenings as well.

I have included an email I sent to the HR at JHG:

We started the Friday night Fun evenings on the 26th October and have had approximately 25 to 35 children regularly attend each week. In the last fortnight we have swelled our numbers and now have between 40 and 50 children. The Brazilian Dance teacher (Omar) teaches the boys (sometimes the girls join in) for half an hour. Other children sit in the art/craft area and paint, draw and do beading with Noressa - an indigenous

grandmother. Other kids run wild on the basketball court whilst weaving among the bike riders - also on the courts. Then there are the tree climbers.

At about 6.45pm I have the bar-b-q ready (this Friday we are doing hot dogs instead). While the hordes are feeding - we get the movie organized on the pretend screen. Movie normally on at approx 7pm or they head out to the basketball courts for "Batchelor Rules" basketball. Bedlam is a better word for it. I always have my 15 year old daughter helping me out - plus at least one or two mates and parents too. On Friday 30th November 2012- The Indigenous Sport Co-ordinator (Fred Murphy) came down from Sport and Rec, NT Gov to teach the young ones 'Proper Basketball' rules. He was a huge hit!! On January 18th - Timmy Duggan from Hoops4Health is coming down - he will cost us \$400 for the day sessions, a comp and a mascot too. I am hoping that the funds from John Holland Group can help there. Will begin again on 4th Jan, 2013 and the Hoops4Health will be a good cure for the kids in the January holiday boredom that always strikes after excitement of Christmas and New Year is past. Enclosing a shot of the Community Centre - with only one end wall. The other end is now finished and looks the same both ends. I would love to chat with your construction people and get ideas of how to make the Centre lockable - but without totally enclosing with walls as it would be too hot and loose the 'Open, breezy' feeling. I need to get some idea of costing for future grants and also what supplies are needed to finish off, enclose the Centre. Possibly working bees.

The end result so far is – the HR girls from JHG donated funds in mid November to enable us to run the last 4 Friday nights. JHG employees are running a raffle of a giant TV and the funds raised will go toward Friday evenings in 2013 starting from 4th Jan. I was invited to the JHG Christmas party last weekend where I got to meet with the HR girls and many employees including the General Manager. They are interested in being involved with a local community where they see the personal side of their contributions really being appreciated. We hope to work together with JHG being very involved in the Bruce Jones Community Centre in the future. The Kids Christmas Tree Party is due to two employees who chatted with their husbands and they decided to come together and make it happen. Again the HR girls are racing in to get the gifts (I sent in a list of names, ages and gender) and wrapping them on Friday evening over wine and Christmas cheer.

Children's Christmas Tree Party – Being held on 15th Dec at ARSS Club from 3pm to 6pm. Taking down 32 children from Batchelor in the Council bus and the Batchelor School bus. These children are part of the Friday Night Fun Group that come to the Bruce Jones Community Centre.
