6 OPERATIONS MANAGER'S REPORTS

6.1 OPERATIONS REPORTS

Applicant:	N/A
Location/Address:	N/A
File Ref:	CCGCDocs\Operations Manager

Author:	Robert Bright, Operations Manager
Attachments:	Operations Manager's Report

SUMMARY

Operations Manager's report for the Ordinary General Meeting held 21st May, 2013.

Operations Managers Report May 2013

The grader has started doing a flat open grade on our Rural Roads. The re-sheet and floodway's left in this year's budget will be done shortly.

Have not had too many enquires for the Road Tenders but by the time Council reads this, we will have the Tenders in.

Rick Erkelens Subdivision Road is going well a few changes to the plans have been made on drain ways and putting in a couple of floodway's, the access to the blocks will be done on site once the road is finished.

DUMPS

We have opened up the slots in Adelaide River and Batchelor, the Batchelor dump has a while to fill up, but we need a new slot in Adelaide River. This should happen sooner rather than later. Not much we can do to improve the look until we sort out Native Title.

RUM JUNGLE LAKE

Have found the survey pegs on the North of 2830 from Poett Road to Lithgow Road and the fire breaks have been put in by Sharon and Jeff Arthur at no cost to Council, this project is on hold until their lease is done.

POOL

Need a Closing date and time, (July August September), so that I can get a quote ready to do this work, in the shutdown period. The pumps and electrical quotes I have already got to fix this problem. The toilets and pool surrounds I will get a quote closer to the time. The damaged Shade Sail has been fixed.

ADELAIDE RIVER FOOTPATH PROJECT

This will be ready to start on Monday, so if no holdup with concrete supplier at this time we will be going with HSS. I will be personally in charge of this project using approximately 10 to 15 prisoners. Council Staff with the Bobcat will be putting the foundation in. After a couple of days settling in I expect that we will be able to do 60 to 80 metres per day all going well.

The School has requested that we do not have prisoners around the School. When we do the Footpath in front of the School we will do this on the weekend, so there is no problem.

I am waiting for permission from DCI to construct the Footpath on their easement to connect to the BP Service Station.

I will install the new playground at the same time as we are doing the Footpath.

We only have the Prisoners until the end of June, as they are leaving town, so for the next 5 weeks there will be no spare time.

The Staff have been working really well, but Council needs to understand the pressure that they are under at times. I will admit that they see how much pressure I am under at times and are excelling themselves above their duties to take the pressure off of me.

When I came to Council there were six people (including an engineer @ \$1000 for ½ a day), e.g. a full time period contractor and two slashing contractors plus others.

Now there are four of us, no contractors no engineer no full time period contractor.

Council I and my Staff will do all this extra work but something has to give, so I request for you to start considering putting on an extra person.

SUMMARY

Animal Management Officer's report for the Ordinary General Meeting held 21st May, 2013.

DOG REPORT

The dog pound has been full for past three weeks.

Pit bull from 3 Kirra – we are still waiting for court order.

On police advice 2 dogs were collected from a camp in the bush behind Flynn Crescent. The dogs belonged to a missing person and were being fed by a friend who could not afford to continue doing so.

A large dog captured at the Flats was added to the pound to make it 4 and full.

3 dogs were processed on Saturday 11th May 2013.

Most other complaints are ongoing.

Numbers have been steady but not great, generally the pool is very quiet which is possibly due to the changeable weather we are having.

There has been a steady growing swimming club and mornings are proving to be popular.

Shade Cover has been repaired with our insurance claim only being \$954.31 of the replacement cost of \$3223.00.

We are still waiting for new vacuum to arrive.

Pool is running well, water is clear.

7.3 QUOTATIONS FOR SUPPLY OF CONCRETE – FOOTPATHS

Applicant:	Quotations for Supply of Concrete - Footpaths
Location/Address:	Adelaide River
File Ref:	G/Grants/Footpaths
Disclosure of Interest:	Nil
Date:	13 th May, 2013
Author:	Lee Farrell, Chief Executive Officer
Attachments:	NIL

SUMMARY

The SPG project will commence on 20th May, 2013 for the construction of 1.5m footpath from Stuart Highway to WWII Cemetery. The Grant received was \$247,000.

BACKGROUND

In consultation with the Darwin Correctional Centre and Council, it was agreed that as part of the prisoner contribution to the Community they undertake the construction of the concrete footpaths in the Adelaide River Township under the Special Purpose Grant. The Project Manager will be Council's Operation Manager Mr Robbie Bright and he will work closely with the Dept. of Corrections Officers to undertake and complete this project. Prices have been obtained for the supply and delivery of concrete, form work, equipment and material associated with the Project. The Dept. of Correction have advised that their team of workers will only be available until the 30th June, 2013, hence the need to commence operations in May to gain the benefit of their labour. Whilst in the area they will also construct the fence and erect the Playground equipment in Adelaide River.

Discussions have been held with the Adelaide River School, Owners of the Adelaide River Inn and Caravan Park to ensure minimal disruption is incurred with the school hours and the operations of local business.

The Prices received are as follows;

Quote for the Adelaide River footpath grant:

App 165 cubic metre

Concrete Supply delivered Adelaide River

HSS NT PTY LTD \$320m³+ GST fixed price.

Hanson 340m³ + GST.Plus extra for a range of items.

Holcum (Ready Mix) \$388m³ + GST. Plus surcharge extras.

COMMENT

The use of prisoners as part of their contribution to Communities will allow Council to extend the Concrete footpath length by and additional 1km. Other works will also be undertaken and a balance will be left to connect the Footpath to the entrance to the WWII cemetery. This work will be subject to Council receiving funding approval to construct the car park. If this does not proceed the path will be constructed in accordance with the car park design.

I have discussed this change in the way the works will be undertaken and the department has requested a letter of change to enable consideration to be given. The Local Government Department did not indicate any objections to the proposed plan and initiative in using prisoners as labour and subsequently extending the footpath dollar.

CONSULTATION

Department of Local Government
Department of Correctional Services
Mr R Bright Operations Manager
Principal of Adelaide River School T Clegg
Jason Smith - Owner of Adelaide River Inn and Caravan Park.

STATUTORY ENVIRONMENT

Local Government Act 2008 requires Councils to call Tender for purchases over \$100,000.

POLICY IMPLICATIONS

Council's procurement Policy requires Council to seek three quotes for purchase between \$15,000 and \$100,000

PURCHASES BETWEEN \$15,000.00 AND \$100,000.00

It is Council policy that Council invites written quotations before making a contract for the carrying out of work or the supply of goods or services involving a cost of between \$15,000.00 and \$100,000.00. The invitation must be given to at least three persons who Council considers can meet its requirements at competitive prices.

Records of quotations sought and of offers received must be kept on file in accordance with archival requirements.

FINANCIAL IMPLICATIONS

The cost of the project for the first section is as follows

Concrete	\$52800
Form Work	\$5000
Material	\$5000
Equipment	\$3000
Council labour& equipment:	\$87,000 = \$152,800 = \$138 Lineal meter.

The Balance of Funds to be applied to additional nominated footpaths in Adelaide River – approx. 500 meters.

VOTING REQUIREMENT

Simple majority

RECOMMENDATION

That Council accept HSS NT PTY LTD quotation of \$320m³+ GST (fixed price) for the supply and delivery of approx. 165m³ of pre mixed concrete in Adelaide River.

That Council authorise the CEO to sign off on expenditure that exceeds the \$5000 procurement Policy amount for the acquisition of form work, materials and equipment associated with the SPG project up to the sum of \$10,000 for each area (i.e. form work, material's & equipment) without further reference to Council.

- I. Public Toilet at Rum Jungle South Lake and rubbish picked up and removed.

The tender Committee reviewed all tenders and recommended the following tenders be accepted by Council.

- Tender A,B,C I – Bruce Mason
- Tender D – Brigitte Evans
- Tender E, F, G, H – Kirsty Higgins

COMMENT

The cleaning of these facilities has generally been to required standards and OM Robbie Bright has discussed any areas of concern with the contractors. Facilities will continue to be checked regularly by Operations crew and any anomalies reported to the Operations Manager.

The frequency of service under the current contract needs to be amended to ensure the facilities are cleaned earlier in the day. (see page 18 of contract).

Recommended changes as follows:

Current

- Batchelor Toilets are to be cleaned daily between 8.00am and 10.00am
- Adelaide River Public Toilets at Myrtle Fawcett Park are to be cleaned daily between 8.00am and 10.00am

It is recommended that the facilities listed above are cleaned daily **before 8.00 am** and a variation to Period Contract 2012-005 is made to reflect this change.

New

- Batchelor Toilets are to be cleaned daily before 8.00am.
- Adelaide River Public Toilets at Myrtle Fawcett Park are to be cleaned daily before 8.00am.

STATUTORY ENVIRONMENT

Local Government Accounting Regulations 29 Tenders

(1) A council must not enter into a contract for the provision of supplies to the council at a cost of more than \$100 000, unless it has first called for tenders for that contract by public notice published in a newspaper circulating in the council's area.

(1A) The notice must contain a statement to the effect that notice of the successful tender will be published on the council's website.

(2) A tender received in response to the public notice may only be opened in the presence of:

(a) the council itself; or

(b) a committee of 3 members of the council's staff delegated by the council to open and consider the tenders and report to the council on the tenders.

(3) If a council accepts a tender for the provision of supplies to the council at a cost of more than \$100 000, it must:

(a) accept the tender by written notice to the person who submitted the successful tender; and

(b) give notice of the successful tender:

(i) in writing to each other person who submitted a tender; and

(ii) by publishing the notice on the council's website.

(4) Notice for subregulation (3) (b) must include:

(a) the name of the person who submitted the successful tender; and

(b) the supplies to be provided; and

SUMMARY

The following is the decision of Council from its May 2012 meeting.

Moved Clr. Turner, Seconded Clr. Crook that Boundary Consultation/Expansion be a standing item on the council agenda until resolved. Council supports making this a priority for council. Clr. Turner has undertaken to provide the initial structures for our decision making.

The following is the decision of Council from its July 2012 meeting

Moved Clr Gray, Seconded Clr Turner that Councils priority is for the CEO to initiate discussions with the various stakeholders and commence detailed research into the extension of our boundaries to develop (if possible) a sustainable Council that will provide the necessary service and capital expansion required for the total area serviced by the expanded Council. Once all negotiations have been completed with the relevant stakeholders, this proposal be then put out for Community consultation.

The following is the decision of Council from its August meeting 2012.

Moved Clr. Crook, Seconded: Clr. Turner that to progress the amalgamation question, the President Cr J Colver, Cr A Turner and the CEO meet with representatives of the Department of Local Government NT following the NT Elections on a date to be determined.

No action taken at November meeting 2012.

BACKGROUND

The Deloitte report has now been released and every Councillor has received a copy of this report. This report has been discussed by Council.

COMMENT

15/11/12 Invitation sent to the Minister for Local Government to attend the December meeting of Council.

4/12/12 Cr A Turner and the CEO met with Giovina D'Alessandro Director Local government and Community Services, John DeKoning Deputy Chief Executive, John Tobin Director – Shires Sustainability Project. The points of interest from the meeting were as follows;

- Local Government Department have not tested the water in respect to the amalgamation of Council's
- Local Government Advisory Board has been formed which is made of representatives from Local government and others. Coomalie Council is not represented.
- The Advisory Board will be reviewing the smaller Councils over the next 2 months.
- CCGC Requested financial assistance from the Dept. of Local Government to undertake an in house investigation into the possibilities of including the unincorporated land into the Coomalie Shire. The area did not include Dundee.
- Recommended that Council prepare a financial model for consideration by the Dept. of Local Government by the end of January 2013. The model to include the financial advantages and disadvantages of including unincorporated land into the Coomalie Shire. Dept. advised they will advise Council if funding is available.

14th December, 2012

Letter received from Minister for Local Government advising of the establishment of a Regional Governance Working Group to provide advice on the future of local government in the Northern Territory. Refer attached letter

20th December, 2012

CEO wrote to Minister for Local Government requesting the President of CCGC be invited to sit on the Local Government Advisory Board.

CEO applied for funding from Department of Local Government for a Special Purpose Grant of \$30,000.00 to assist the Council in undertaking financial modelling relating to viable boundary expansion options. Refer attached letter

13th February, 2013

Clr Turner and CEO met with the Minister for Local Government to discuss this issue. Report is as follows

Amalgamations

The Government's position in relation to Amalgamations, Unincorporated land and where you see the Coomalie Council position in relation to Government's policy.

ACTION:

Council seeks the Minister's comments and suggested action for Coomalie to remain a Shire in its own right. The Regional Governance Working Group has met on 4 occasions and a report will be released in the immediate future. Is Coomalie to be considered a Regional Council or a Shire? This decision is important in relation to Item 2 below and how the Coomalie Shire is to move forward. **Minister's Comment: If Council can**

get the unincorporated landowners to agree to join Coomalie Shire he will sign off on those areas of land being incorporated into the Shire of Coomalie.

8th March 2013

The Minister for Local Government has approved a SP Grant of \$10k to assist with financial modelling and review of boundary changes.

May 2013

Information on the number of lots, roads etc in the unincorporated land area has been requested from the Dept. of Local Government.

1. Grant Funding

NT Grants Commission Road Methodology Review

The Northern Territory Grants Commission has advised that they have now considered all submissions relating to the allocation for road funding for 2013/14. The Commission will adopt new weightings as follow:

	New	Old
a. Sealed	27	8
b. Gravel	12	4
c. Formed	7	1
d. Flat Bladed Track	1	0.4
e. Cycle Paths	10	2
f. Sealed Kerbed and guttered		10

The isolation works factor will be removed and be replaced with the location factor which has been used in the methodology for the calculation of general purpose grants for the last three years.

The losses due to the new methodology will be capped at 5%

There was also further agreement that when the NT Government transfers the local roads under its care and management to the respective shire councils the Grants Commission will again review the methodology.

In summary this new methodology will reduce Councils grant from \$398,552 to \$377,190: **Loss of \$19362 or 4.88%**

SUMMARY

Council's current IT system comprising Attache accounting and payroll and Lynx rating system is ineffective and inefficient.

BACKGROUND

Council currently has three systems to integrate and work with on a daily basis, and it is becoming evident that if Council want to grow and become a productive and income producing entity then we need to consider upgrading our current IT system.

COMMENT

Currently the Finance Manager has to manually prepare all Council monthly reports, budgets and end of financial year accounts. We also have to manually import all receipts and banking from the Lynx system into Attache each day. End of month and end of year could be improved by hours each month and by days per end of year. This whole manual process is what local government was like 10-15 years ago. At present Council also has a manual filing system for all properties and correspondence files. This could also be upgraded to a document management system saving days per month manually filing correspondence in the future.

CONSULTATION

Consultation with Civica who provide software for Authority and Practical Plus.

AUTHORITY

Software (inc Ann Lic Fee year 1)	Annuals (4 years)	Total cost (over 5 years)	Approx costs per annum
\$190,494	\$82,200	\$272,694	\$55,000

PRACTICAL

Software (inc ALF year 1)	Annuals (4 years)	Total cost (over 5 years)	Approx costs per annum
\$115,073	\$100,892	\$215,965	\$ 45,000

Practical is the more affordable option above and is used by over 50 Council's in Qld and NSW. It is specifically designed for small rural councils with a rating capacity of up to 10,000 properties. It is easy to use and will allow Council to integrate rates, accounting, receipting and payroll functions in one system. Council will also

have job costing (costing payroll, plant and materials to individual jobs) capabilities to continue completing projects with a profit based outcome for the future. End of month BAS and of year financial reporting produce reports that do not require excessive amounts of manual labour input.

STATUTORY ENVIRONMENT

As per Accounting Regulations -

Part 5 Accounting records

12 Accounting records

(1) A council must keep, by computer, financial records that:

(a) correctly record and explain:

(i) its transactions (including transactions undertaken as trustee); and

(ii) its financial position and performance; and

(b) enable true and fair financial statements to be prepared and audited.

(2) The CEO must ensure that appropriate controls and procedures are implemented and maintained to ensure the integrity and security of the data files and programs.

POLICY IMPLICATIONS

There are no specific policies that apply to this report.

VOTING REQUIREMENT

Simple majority

RECOMMENDATION

That Council upgrade Council's software system to Practical Plus and document management in the 2013/14 budget to a value of \$60,000.00

8.5 INSTALMENT OPTIONS FOR RATEPAYERS

Applicant:	NA

SUMMARY

If Council issue rates with payment option of four instalments throughout the year it would have a significant effect on our cash flow for the year.

BACKGROUND

Council currently issues rates with one payment due date. Several ratepayers have requested Council have a payment option of four instalments per annum to pay rates.

COMMENT

If Council want to implement paying rates over four instalments then it would be prudent to increase rates another 2% to offset loss of income and Council's printing costs would double from \$2,000 to \$4,000.

CONSULTATION

Nil

STATUTORY ENVIRONMENT

159 Rates notice

(1) At least 28 days before the payment of the rates (or the first instalment of the rates) falls due, the council must issue an account for the payment of rates (a **rates notice**) for each allotment.

(2) The rates notice must be given if practicable to the principal ratepayer for an allotment or, if it is not practicable to do so, to any other ratepayer for the allotment.

(3) The rates notice must:

(a) state the due date for payment of the rates and, if payment by instalment is allowed, the due date for payment of the first instalment; and

(b) must be given at least 28 days before the due date for payment of the rates or the first instalment of the rates.

(4) Non-compliance with subsection (3)(b) does not invalidate the rates notice.

POLICY IMPLICATIONS

Nil

FINANCIAL IMPLICATIONS

This year rates of approximately \$900,000 were issued in August. By the due date in September Council received about \$590,000 in rate revenue. Another \$120,000 was received in October, the month after due date. This left a balance of about \$190,000 in rate arrears to collect over the next eight months.

By implementing four instalments and assuming the same amount of rate arrears, we would receive approximately \$180,000 ($\$710,000/4$) in September, December, March and June. This would equate to lost

interest income of around \$20,000 per annum. To offset this loss, Council would need to increase rates by another 2% (20,000/710,000) to implement four instalments.

There would also be double the printing costs associated if Council chose to send out notices to ratepayers quarterly. This would increase from about \$2,000 to \$4,000.

VOTING REQUIREMENT

Simple majority

RECOMMENDATION

That Council increase rates and charges by 2% if they implement paying rates by four instalments.

Ideas and comments

Thank you to all Council staff and President Andrew Turner for taking care of Her Honour on the 24th. A very special thank you to Councillor Max Corliss without Max I could not have managed on the 24th and he was there to cheerfully help again on the 25th.

Michael Jones - FLGOFF 452 SQN TDL FLT

The lights on the steps are a must though. Maybe just one point, it seemed to take an inordinate amount of time to lay the wreaths - maybe the MC could let people know that more than one person at a time could go up and lay a wreath? As it was some of my guys were reaching their limit after standing at attention for over an hour for the ceremony. All in all though, a great ceremony as it always is.

Email for Jo'Anne Kinter Andrew Turner and I discussed how good ANZAC day was once again. I asked if there was any history on why Council organised the wreaths and he is not aware of any. He was saying that in some areas people are placing books instead of wreaths and these are donated to the school – Not a bad idea. The other comment made was that there wasn't anywhere at the breakfast for people to make a donation for the breakfast. I think we should look at charging everyone a small fee in future for breakfast to help Council recoup some costs – perhaps \$5.00 per head, what do you think?

Email response from Mazz

The ARSS Club usually have gold coin donation tins at the breakfast and they walk around with them. Last year they got an extra \$1000 apparently, which helped them to cover the costs. I queried them this year afterwards and they said the tins were on the bar for people to donate into – but obviously no one circled the crowd with the tins. Their volunteers were stretched too thin – pity as would have got way more cash.

The NT Scouts counted 1859 people leave the War Graves after the service – so that is the number we are working with.

The breakfast donation is \$4000 to the ARSS from the Council – so approx \$2.35 per person – plus extra costs to ARSS Club for the extra items they hired from Darwin.

I think the gold coin donation tins should be continued to be an extra source of funds to the ARSS Club – just need to be sure someone is given the job of collecting. This is definitely something we don't want the responsibility of running and they do a great job. Plus a long standing tradition and a beautiful venue.

Yes – the books are a great idea and appear to be getting more popular. After much thought, I agree with not doing the wreath orders – but continue with the seating plan which has a section for people to advise if laying a wreath or book and under what title, so we can still have wreath or book laying groups in some order for the VIP's, businesses etc...

The Shire now pays for the wreaths for the MC, singers, piper, bugler, FERG, ST John's.

I think the Shire should continue to pay for wreaths and accommodation at Mt Bundy / camping fee at ARSS for our performers and MC, if required. The accom and FOC wreath has been our way of saying thank you and that we appreciate their time spent on practising, driving down for rehearsal and being a part of the Service. This makes our Dawn Service crew feel like they are not taken for granted and I think it is very important that we continue on with the good feeling that exists between us all – especially as we head towards the Centenary years.

Senator Nigel Scullion – Senator Scullion suggested several fundraising ideas – as the 2014 and 2015 Dawn Services will be catering to a bigger audience. He is aware that the Coomalie Shire Council, local residents, businesses and volunteers have continually hosted and paid out for this fantastic Dawn Service year after year. Discussions focused on the Coomalie Shire 'owning' and hosting a major fundraising dinner up in Darwin with special guest speakers and major business groups buying their own table. Senator Scullion has offered to support and promote this event and seek out guest speakers.

APRIL/MAY REPORT

May Monthly Markets – Busier than April with two additional stallholders who brought along an abundance of local vegetables and also seedlings. A bigger crowd passed through and all marketeers were happy with their sales for the day. A big sandwich board was made up from left over materials sourced from all around by 'Middy' – which I then painted black and we now have a great blackboard to use as our main market sign out at the highway. The June markets will possibly be held at the Adelaide River Show on Sunday 9th June (90%

have agreed and don't mind where it is held) – as this is the same weekend as our market date. Waiting on a response from ARSS Club meeting on Thursday 16th – I will then discuss with marketeers.

Friday Night Fun – now running fortnightly and progressing nicely with art and craft, bar-b-q, movie and basketball. Fred Murphy from NT Govt Sport and Rec visited us again last Friday 10th May. He helped the two newly trained umpires from Woolaning Christian College to manage the basketball court area. There followed three hours of playoffs, ball skills and 2 great games which saw the kids from Woolaning and Batchelor mixing their teams and all working together. This has taken three months for the Batchelor children to gain enough confidence to all mix together.... Very exciting for all.

Coomalie Swimming Group – We have had two weeks off and just began swimming again last week 8th May. A quiet afternoon and wondered if everyone is too cold already. Swimming again on 15th and planned for 22nd as well. We will see how each of these two sessions go – before making a decision on when to stop the Swim Group for the dry. This of course will be guided by the pool closure times.

Grants – Submitted Seniors Month grant and waiting to hear back about the School Holiday grant submission for the June July Holidays. The Lingalonga Festival and 60 year celebration preparations have continued to progress with another grant submitted by Lisa Wain for the 60 years Reunion.

Lingalonga and 60 years committee - The committees both had volunteers who helped out at the recent Blood Sweat and Fears event at Lake Bennett. We jointly worked on directing the car parking and also a tea, coffee and cake stall on the Sunday morning. The group made \$440 from parking and \$150 from tea and coffee. Also have raised an additional \$200 from cakes stalls at the April and May markets in Batchelor. Besides the fundraising efforts by committee – Ros Jones has had many donations from out of town people coming to the reunion who wanted to help out by donations. Judy McGinn is also very proactive at the Post Office and General Store with fundraising.

Adelaide River School – I have been in touch with Tony Clegg from the Adelaide River School and offered to spend time with them either at the School or after hours doing sport with the local children. I am waiting on a response from Tony – advising where I may be most needed.

11.1 MANAGEMENT PLAN FOR DOGS AND CATS

SUMMARY

The following email request has been received from Cr B Jones on 1st May, 2013.

Hi All

I would like the Council to discuss the regulations on animal control at the May Council meeting as an Agenda item.

Clr S Bulmer added the following comments by email;

I agree .I have been looking up regulations under the conservation acts and animal control. All states and ACT have regulations on cats and dogs all except WA and SA have to be micro chipped some at 3 months some at 6 months. WA cats must be micro chipped. SA all cats and dogs must be registered .I haven't found any for NT yet but there is a lot to go through and I don't have a great deal of time .I'm sure there must be something under conservation about cats especially dumping of them in bush .There is the Environment Protection & Biodiversity conservation act 1999 ,there's a Territory Parks & Wildlife Act 2006 and possibly a lot more. I haven't had time to go through these yet maybe the CEO could do some research before the meeting. The Conservation Commission may be able help with info. I think it would take about 18 months to get a new by law through but if there something under a government act it should be applicable now. Coomalie only have by-laws on dogs and litter .The litter one has a bit in it about dead animals but not live ones.

BACKGROUND

The City of Darwin has an Animal Management Plan that defines the roles and responsibility of owners, penalties and enforcement of the Act. A copy relating to cats is attached.

The Department of Land and Resource Management have a feral cat plan – the main emphasis for the control of feral cats is baiting – see attached.

Department of Local Government: Animal Welfare Advisory Committee - a LGANT member sits on this Committee.

COMMENT

The control of feral and domestic cats is an area that Local Government has historically not become involved with. This has change in the last decade and some Councils have introduced By-Laws and License fees to assist with the management of these pets. The introduction of a Management Plan/ By- Laws will require enforcement and currently with the limited time our Dog Catcher has available, enforcement will be an issue unless Council is prepared to allocate additional funding to this task. The other issue is that Council will need to construct a separate Cat Pound to house these animals. Feral cats are another issue and this should be left to the Department of Land and Resource to undertake.
