4 PETITIONS AND DEPUTATIONS**4.1 ADELAIDE RIVER CRAFT MARKET SIGN**

| Applicant: | Adelaide River Craft Market |

| File Ref: | CC / 67 |
| Disclosure of Interest: | Nil |
| Date: | 11 th March 2015 |
| Author: | Leigh Ashford, Chief Executive Officer |

SUMMARY

The Adelaide River Community Craft Market Inc. (ARCCMInc) developed a project to advertise their dry season craft markets and plan to install a framed structure to attach their banner when the markets are on. They have been successful in obtaining a grant for the project. Council provided a letter of support for the grant application.

The Department of Transport will not approve the structure unless Coomalie Community Government Council formally advises them that they will accept responsibility for the structure and its maintenance.

Acceptance of Department of Transport's requirements will increase Council Public liability risk.

The CEO has requested the Department provide reference to this requirement in its Guidelines.

BACKGROUND

The Adelaide River Community Craft Market Inc.(ARCCMInc) obtained a grant to erect frame on the Stuart Hwy either side of Adelaide River to allow them to install a banner advertising the regular Craft markets during the dry season. Council provided a letter of support for the project.

The ARCCMInc made a request to the land owners, Department of infrastructure to install the frame for their advertising sign. The Department of Infrastructure referred the request to the Department of Transport who are responsible for roadside advertising structures.

The Department of Transport have advised that they will only grant permission for the sign if Coomalie Community Government Council takes responsibility for the structure and its maintenance. Copies of the guidelines are attached.

The only reference to Council was that the Department could seek Council views on the sign in relation to existing policies and requirements. The Department were advised that Council had no policies or requirements that affected the sign.

The Department of Transport have advised that this is not acceptable and require a formal letter from Council accepting responsibility for the structure and its maintenance.

COMMENT

It is considered that this is good project for Adelaide River and ARCCMInc. It will present a professional image of the markets and improve the safety of the individuals erecting and removing the banner.

I have not been able to find the reference in the Guidelines requiring council to provide formal advice taking responsibility for the structure and the maintenance. I have advised the Department the I will prepare a report to Council and requested that they provide the reference requiring Council to formally accept responsibility for the structure.

At the time of writing, a response had not been received from the Department.

4.2 ADELAIDE RIVER FERG REPLACEMENT OF THE EXISTING 4 WHEEL DRIVE FIRE VEHICLE

SUMMARY

One of Council's roles is to support and promote the community groups within the Shire Council area. The Captain of the Adelaide River FERG has expressed a view that the removal of the 4 wheel drive unit appears to raise the risk exposure of properties in Adelaide River.

Contact has been made with the Director of the NT Fire Rescue Service who has provided a verbal briefing of the decision making process. The director has advised that the decision has been made base on a number of criteria including WHS, insurance and fleet management. The new unit is primarily directed at road rescue and urban fires. The truck has a capacity for 6 passengers and a much larger water carrying capacity. The new truck is valued at \$250k. They recognise that the vehicle cannot be used off road but have suggested that the old unit does not meet the current criteria for their fleet. In other localities, the FERG groups have adjusted their protocols to work closer with Bushfires NT.

The Adelaide River FERG Captain has raised a legitimate concern suggesting that the level of protection of Adelaide River to a grass fire has been lowered. It is appropriate that Council requests NT Fire Rescue Services to provide clarification of its decision making process in providing the new truck and disposal of the old 4 wheel drive unit. In particular how it considers that Adelaide River FERG adapt to managing grass fires in the future without the 4 wheel drive unit.

BACKGROUND

The Adelaide River Fire Emergency Rescue Group (FERG) is responsible for the fires within the Adelaide River town boundaries. They have recently received a new 2 wheel drive truck designed for house fires and road crash rescue. They have expressed a concern that given most of Adelaide River township is undeveloped the new truck will not effectively be able to combat scrub and grass fires.

They have requested that the old 4 wheel drive unit be retained as well for this purpose. Their request has been denied by the NT fire Rescue Service. They have requested Council support its request to retain this vehicle.

Dog Report

I received advice of two dogs roaming in Jack White Park. This followed advice of four dogs being kept in a nearby residence. One was captured and impounded. The owner has paid the fines and registered the dog. The owner was also advised of Council's bylaws which only authorise generally two dogs per property.

May 2014

The Department of Local Government has arranged for the Surveyor General to draw up and define the Additional land proposed to be incorporated into the Coomalie Community Government Council area. The first area to be included is the locality known as Robin Falls.

June 2014

The Minister for Local Government visited Council on Thursday 6 June 2014. He was particularly supportive of Council's proposal to include areas outside the current proposal into the Council area. These included Litchfield National Park, Douglas Daly Region and Mt Ringwood area and the Litchfield region to the west to the current boundary.

A meeting was held between The Department of Local Government representative, CEO from Belyuen Council and the president and CEO from Coomalie. The meeting was to initiate dialogue between the parties regarding possible incorporation of areas with the respective Council areas.

July 2014

A further meeting has been held with Belyuen Council regarding the future inclusion of unincorporated land within the Local Council areas. The second meeting was held at Belyuen and was attended by representatives of both Councils and the Department of Local Government.

The participants agreed to continue joint discussions. It was suggested that this should be through a Transition Committee set up and supported by the Minister for Local Government.

August 2014

The property information for the Robin Falls area has been difficult to obtain. A direct approach was made to the Minister for Lands Planning and Environment. Contacting the current owners has been the largest single issue coming out of the new area being included in the Council Boundary.

SUMMARY

There are a number of issues to consider. These will include the length of the tenure, requirements of the applicant, notification of the proposal to any adjoining neighbours and the public in general and consideration of submissions and the transfer of adjoining land. These have been incorporated into the Draft Plan

It is appropriate that Council invite the community to a public information session on the draft unused roads policy.

BACKGROUND

Council at its November meeting requested that the CEO prepare a draft policy to lease unused Council roads. This followed a request from a local landowner to lease three roads within the Council area.

Advertisements have been listed in the February and March Newsletters inviting Community comment regarding the draft policy and inviting community comment.

COMMENT

Council has received enquiries from 4 organisations and individuals. The three written enquiries are attached. The comments concern appear to be related to perceived views that Council intends to reduce access rights to landowners or constrain access to utilities.

Informal comments from the Governmental officers have raised a concern that it is not ethical to lease unused roads which the Department may open in the near future to give a legal access to properties.

It appears there is some misunderstanding of the intent of the draft document on the limited response to date and further clarification is required. It is considered that a public information session may help clarify the points in the draft policy.

7.8 REVIEW OF LOCAL GOVERNMENT ACT

Applicant: Chief Minister
Location/Address: NA
File Ref: CC 162
Disclosure of Interest: Nil
Date: 11th March 2015
Author: Leigh Ashford, Chief Executive Officer
Attachments: Local Government Act Part 14.2 200 and Part 14.2.

SUMMARY

The current Act is approximately 150 pages and covers the scope of local government activities. Many of the sections have not been needed by Council in the past and it is difficult to comment on their effectiveness.

Council may wish to comment on three areas as outlined in the comments below. The concerns relate to apparent contradictions, landowners right to privacy of individual details and to complicated wordage making comprehension difficult.

BACKGROUND

A revised Local Government Act was enacted in 2012 with the introduction of the Regional Councils and Authorities. The Act followed on from major changes in 2008 when Local Government was extended across most of the northern Territory. The Department of Local Government and Regions has announced a review of the Local Government Act. The Department will receive submissions up until 30 April 2015.

COMMENT

The CEO has reviewed the ACT and whilst it is generally understandable and logical there were three areas which are worth commenting on.

There appears to be a contradiction between Part 2.2.9 (2) and Part 2.2.10C (a). on one hand the minister is permitted to constitute or abolish a Local Government area and in the other section the minister is not permitted.

Part 11.4 section 152 Assessment Record appears to allow any member of the public access to Council Rates assessment Records. This appears to contradict general accepted privacy principles and certainly the guidelines used by Coomalie Council. As an example Council has previously received a request from a person in requesting details to contacting a property owner. It subsequently emerged that the person making the request had a Restraining order against the property owner.

Local Government Act Part 14.2 200 Information to be publically available and Local Government Act Part 14.2 200A Public availability refer to material to be placed on Council website. It is considered that the section should be rewritten as it is not at all clear and very difficult to comprehend. It appears to contain exemptions of exemptions and contradictions.

SUMMARY

A part of the Community Sport and Recreation Officer's position involves organising events and functions that require purchasing of groceries and craft items. The current process is the CSRO purchases the goods from her own money and is then reimbursed through petty cash. This is sometimes hundreds of dollars and depletes our petty cash resources rapidly during these events.

BACKGROUND

Petty cash reimbursements are primarily designed for small one off reimbursements.

COMMENT

To improve, streamline and make the process totally transparent, issuing the CSRO with a Council credit card with a \$1,000 limit would assist.

SUMMARY

Aussie Hoops

We are waiting for responses from the Adelaide River School and Batchelor School.

Basketball NT Junior Challenge (Easter weekend)

The Basketball NT junior challenge will be held at Marrara over Easter weekend. There is a possibility of a combined Belyuen, Batchelor and Adelaide River team competing. The ability for a team to compete from our area is dependent on obtaining a grant to funds overnight accommodation of the Coomalie children. Funds through the Quick Response Grant Program and the Grass Roots program are not available. The Member for Daly Office is seeking other sources to assist.

Basketball with Belyuen Council

Continued interaction with Belyuen Council will enable joint basketball events. We are currently planning a barbecue and camp over in the new Belyuen Community Centre.

Coomalie Swim Group

Began on 4th February and will continue on a Wednesday afternoon, followed by a Yoga class @ 5.30pm at the Bruce Jones Community Centre. Yoga class is by donation only.

Clean Up Australia Day

Four different locations were registered for the Coomalie Region. Councillors were involved with the various sites as supervisors or driving clean up vehicles. Barbeques were held at Batchelor, Adelaide River and Lake Bennett. The volume of rubbish was noticeably lower than in previous years.

Youth Week Event

The Coomalie Youth "Friday Fun Party" is planned for Friday 10th April. Volunteers will attend from Batchelor School, Remote Public Health Nutritionists, Team Health, and from Dept. of Sport and Recreation. I will also approach Night Patrol and the Police for assistance at the evening disco.

Anzac Day

Planning for the event is continuing with a good response from War Graves and the ARSS club. Council volunteer shirts, aprons and Councillors shirts have arrived and will be utilized for the Dawn Service and the Breakfast.
