ANOTHER GREAT MONTH OF BASKETBALL FOR COOMALIE KIDS

The Adelaide 36ers returned the Top End and once again spent valuable time with the kids from the Coomalie region. There is a growing bond between our kids and the 36ers.

Adelaide River & Batchelor Kids at the game between Adelaide 36ers and Townsville Crocs at Palmerston Recreation Centre

From the Coomalie Council Chamber

RATES NOTICES 2015/16

Council has adopted the annual Shire Plan and Budget for the 2015/ 16 Financial Year.

Council has resolved to increase the Land Rate on the Unimproved Capital Value of properties across the Shire by 4.0%. The minimum Rate on properties has also been increased by 4% for the 2015/16 year. The increase is in line with the long term strategy developed in 2012/13.

There is very little scope within the budget to provide funds for improvement works throughout the Council area. There has been a slight reduction in the level of service for cleaning of the community facilities.

Notices were issued in late August with the due date being the last Friday of September (25th September 2015).

Amounts outstanding after the due day will be charged 20% per annum, calculated on a daily basis.

All landowners should be aware that Council has resolved to strictly enforce the provisions of the Local Government Act which allows Council to request the Lands Title Office to register the Charge over the land unless suitable repayment arrangements are entered into.

The Registration of the Charge will apply to any property with a debt greater than 6 months and debtors have not made proper arrangements to satisfactory repayments.

The registration of the Charge effectively places a caveat over the land. This restricts the ability of the land being used as collateral when applying for loans through financial institutions. There is also an additional cost to the landowner to remove the registration of the Charge.

CHANGE OF ADDRESS

Residents and land owners should be aware that they have a responsibility to ensure Council has the correct mailing address for Rates Notices at all times. The maximum penalty for not updating Council with the correct address is 20 Penalty Points (currently \$3000).

Council originally obtains its contact information from the Lands Title Office. Again there is a responsibility on the landowner to keep this address up to date as owners may miss important information. The legislation states that a notice is served if it is sent to the last known address of the property owner. This is either the address Council has on its registers or the Lands Title Office has for the property owner.

Please contact the Council if you have changed your address or have not received your rates notice.

ANTICIPATED TRAFFIC DELAYS CHINNER RD

Residents and travellers in the Lake Bennett area should be aware of possible traffic delays along Chinner Road in October and November this year. The delays will be due to traffic control plans being put in place to ensure a safe work place whilst heavy patching and remediation work is being carried out on the road. Most delays should be less than 5 minutes, however there may be circumstances where delays may be longer.

COOMALIE COMMUNITY GOVERNMENT COUNCIL

Council recently advertised a tender for

CONTRACT 201516-001:

Heavy Patching Chinner Road.

Council received two tenders and resolved at the OGM 15 September 2015 to award the tender to H&K Earthmoving Pty Ltd for a price of \$334,705.00 inc GST.

FROM THE COMMUNITY RECREATION OFFICER

Batchelor Markets – Exciting news!!! Welcome to the four new Batchelor marketeers who have been very busy creating, designing, painting and gathering goods to sell at the monthly markets. It was wonderful to see you at the September markets and I encourage the local community to come and browse around at the next market on October 11th. I am working with a new coordinator for the monthly markets – to enable this to become a community run market. Council will continue to assist with tables, chairs, insurance, posters and shades.

Basketball News –The Junior PaRBA competition began on 8th August at Bees Creek School and ran for seven weeks, finishing on the 19th September. I was inspired by the dedicated group of youngsters from Batchelor, Adelaide River and Belyuen who were half asleep but keen each Saturday morning - learning many fundamentals of basketball!!!!

Warm ups are essential and fun.

Rules are a foreign concept, but we learnt them.

Drills are tough work.

Listen to the coach and move quickly.

Dribble the ball without looking at it, until it became second nature.

Scoring a basket was applauded loudly.

Teamwork and team players were recognized and encouraged.

Thanks to Minister Higgins, PaRBA, CCGC, Deanne Anderson- Broome, Christie Anderson and Shameka Petterson.

A group of 15 students from Batchelor School joined the *Adelaide 36ers* for a training session at Berry Springs School on 8th Sept. **They are now 'Movie Stars' after being on the ABC News and also in the NT News with a full page.**

A group from Adelaide River School attended the big game at the Palmerston Rec Centre on 10th September and watched the *Adelaide 36ers take on the Townsville Crocodiles*, and then our Coomalie kids went on at half time to entertain the crowd.

Community Safety Action Meeting – Rian from Amity House came down to the recent meeting on 27th August and spoke with the group about the causes and effects of harmful methyl amphetamine use. The meeting was attended by representatives from Parks & Wildlife, Batchelor Clinic, FERG, BIITE, Night Patrol, Batchelor School, Rum Jungle Tavern, Cooke's Tours & a couple of interested community people. **A letter of thanks has been sent to Amity House.**

Christmas Carols - I am working with community people to organize Christmas Carols at the Outdoor Education Centre to be held on Sunday 6th December. *Please call Mazz on 89760058 if you would like to be involved.*

Seniors Christmas Luncheon – Tentative date at the Mt Bundy Homestead is Tuesday 15th December. The number of Seniors in the Coomalie Shire has increased in 2015 and I ask locals, business people and organizations to consider a small contribution to assist with prizes & the wonderful luncheon, which gives great cheer to many of our older Australians.

Coomalie Swim Group –Swimming classes begin again on 16th September, Aust Swim and Royal Life will run a Pool Party with us on the 23rd Sept – open to all. The Bronze Medallion Course will be held on 31st October and I have eight people booked in for the full course and eight booked in for the update.

Cricket – Deb and Chris Moyle are coordinating a monthly cricket match in conjunction with the local Markets. The local community are asked to show their support for this initiative and bring the kids, friends and family for a relax, a game, a wander around the markets and a chat.

Grants –

Family Safe Environment Fund Grant for Solar Lighting in Adelaide River – unsuccessful

Submitted a Youth Vibe Grant for the January 2016 Holiday Program.

Active Family Fun Day Celebrating Water Safety Week

This event was held on 23rd Sept and attended by approximately 100 people. Thank you to the wonderful crew from Royal Life Saving, Boof the Barra, BIITE Cadets, Batchelor Police, Rana Everett and volunteer parents

CONGRATULATIONS CHRISTIE

Great news - Christie Anderson has been accepted into 'The Cathedral School' in Townsville under an AIES Scholarship. Christie will depart Batchelor in January 2016 to further her studies and continue to pursue her love of basketball.

Josie Wickham and family wish to thank Laura Graham, Christabel Martin and Mazz Morris for their support and belief in Christie.

Here is part of an excellent review of the book Ugly by Robert Hoge by Madelene Bull

“Ugly” is what Robert Hoge thought he was. When he was born he was so ugly his mother didn’t want to take him home but lucky the rest of the family voted to keep him. Once he got home they all fell in love with him even his mother. Robert has grown up with many operations and with those operations he has to get his face changed but the main thing is that he goes through a rough time throughout school.

The students at his school have given him 10 nicknames.... the worst is ‘Toe Nose’ and the reason for that is because when he had an operation he got some toe put on his nose. His plan of a perfect life has just fallen out of reach because of his face.

Read this beautiful book to find out about Robert’s life. My opinion of this true story is that it is mainly sad. For example, Robert’s mum makes me emotional when she wanted him to die when he was born.

If you want to read this book you might like it because it is different and it is exiting when you don’t know what is going to happen. Robert would love you to read it so you can get his point of view of his disability. If you know anyone like Robert, let them know so maybe they can write a book about themselves!! Robert hopes for adults and children to read this book and to inspire and engage younger readers. By: Madelene

Tourism Top End is currently looking for Volunteers to assist at the Batchelor Visitor Information Centre.

BATCHELOR MUSEUM UPDATE - OCTOBER 2015

Along with an obvious reduction in tourists, our visitor numbers have fallen a lot in this past month. For now we are continuing to open each day though this is difficult with so few volunteers. Great thanks are due to Denise Grecian-Wright for managing the situation and for doing many of the hours. Also thanks to Vick, who has continued to be there for Mondays.

Our booked tour company is still bringing people through several times a week, and additionally Denise conducted a group through the Museum for another tour company last Sunday. The group included interstate school teachers looking at places to bring school groups in the future. Hopefully there will be a response!

A replica album of photographs was added to the Rum Jungle collection-Kim Creed, who now lives in Canada, sent in an album of coloured pictures of the mine and country and they have scanned well.

Slowly display additions are happening for the other areas too and there will be quite a lot of expansion ready for the new season in 2016. Meantime there will also be lots to do maintenance wise. The external doors and a few areas in Block A need touch up painting.

We were devastated that someone chose to slash trees and plants overnight recently. One tree, carefully nurtured for several years to provide future shade, has died. The other small tree has so far persisted and will hopefully recover. The Mango and Tamarind trees and pot plants have withstood the damage.

The small number of people who care for the Museum are very committed and would be happy to introduce others to know and experience this community asset-it is a very rewarding activity, and many people who visit are delighted to talk with locals.

The Museum has proved to be a destination and a focus for persons who want to connect with their parents or relatives who served during WW2 in this area. I mentioned the doctor who had been at MRS1 last month-now there is a lady whose Mother served at the hospital at Adelaide River coming to talk with me in a few weeks.

It has been timely to gather the information from the mining era before it is lost and also for WW2 as this year of remembrance emphasises.

DONATIONS to BATCHELOR MUSEUM

Whilst the Batchelor Museum is primarily an interpretive one, we have been given some wonderful display items. When you visit you will see the name on the object and the person who has donated it- some of the notices are yet to be done.

Items must be given permanently to the Museum and there is a form which we will have available- the format given to us from the Military Museum in Darwin, please be aware this is a common policy of museums.

Be proud of the Museum – it will showcase the unique town of Batchelor and will be a valuable resource to bring visitors from all over.
