SUMMARY

Roads-

Pot holes will continue to be patched throughout the wet season when possible. Coach Road, Haynes Road and Adelaide River Township has been patched. Lake Bennett, Chinner Road has been patched and have started patching works in Batchelor Township.

There is a number of roads that require work, the roads are being monitored on a regular basis and repairs will take place when practical to do so. Milton West, Solomon West and Cheeney North roads and drains require emergency access repairs. Cadogan Road and drains along with Heathers Lagoon Road and drains require urgent repairs. Strickland Road requires repair work also.

A number of service requests have come through for driveways to be fixed, these will be assessed individually and necessary repairs carried out when practical.

Prices have been received for depth indicators on floodways and road subject to flooding signs for Crater Lake Road.

Waste-

Both Batchelor and Adelaide River are running well, some spraying has occurred at both facilities. This is an ongoing job.

Parks-

Minimal branches and trees down, some trees remain down until dry enough to access.

Pressure cleaning of footpaths has commenced, again this is an ongoing and time consuming job throughout the wet season.

Spraying and slashing-

Spraying is still continuing when weather permits by both Council staff and contractors.

Slashing is occurring when weather permits and dry enough on the roadsides.

VOTING REQUIREMENT

Simple majority

RECOMMENDATION

That Council receives and notes the Operations Manager's Report for February/March 2018.

SUMMARY

The following is the decision of Council from its May 2012 meeting.

Moved Clr. Turner, Seconded Clr. Crook that Boundary Consultation/Expansion be a standing item on the Council agenda until resolved. Council supports making this a priority for Council.

COMMENT

July 2014

The NT Government published a notice in the Government Gazette on 3 July 2014 which includes the Robin Falls area in the Coomalie Community Government Council area.

February 2015

The Ombudsman found that Council does not have a case to answer in relation to the process to incorporate the Robin Falls area into the Council area.

June 2015

A meeting of the BCWLGAG was held at Belyuen on Tuesday 9 June 2015. The main discussion revolved around the incorporation of the remaining unincorporated areas into Councils.

December 2015

The Department of Local Government provided a background briefing for Councillors on the remaining unincorporated areas. The Territorian published a brief article on the proposal on Sunday 6th December 2015 making comment about the proposal.

January 2016

Letter sent to Department of Local Government requesting Litchfield National Park be included in the Coomalie Community Government Council area.

February 2016

The Department of Local Government have advised that there will be no further decisions made in relation to formation of new Councils in this term of Government. The Department has acknowledged Council's request in relation to Litchfield National Park.

May 2016

A meeting was held of the BCWLGAG. There was a discussion regarding the three councils working together in developing a strategy to put to the Government in relation to their future and the unincorporated land.

June 2016

Department of Local Government and Community Services were advised of Council's agreement to investigate the formation of a regional council subject to Batchelor being the administrative centre.

July 2016

Three consultants were invited to quote on the scope of works to provide an analysis of options for local government structures in the area. Two quotes were received. An application was submitted for a Special purpose Grant to proceed with the consultancy.

August 2016

The Council received an email on Tuesday 9th of August from the Department of Local Government advising that the Special Purpose Grant to provide an analysis of options for Local Government structures in the area has been granted.

September 2016

Consultants have been engaged and anticipate the review will take approximately 6 weeks.

October 2016

The President and the CEO met with the consultant's representative on Monday 26th September 2016. The discussion revolved around Councils preferred options for a new Regional Council. The consultant was advised that council's preferred option was to progressively identify areas which relate to the current Council and incorporate them into the Council.

November 2016

The Consultants met with BCWLGAG on 9 November 2016 for an update and work shop. Council representatives presented varying views of the future and there was no consensus of a preferred direction for the future. The major points were that the consultants should focus on the current Council and perhaps comment on aligning the rural parts of Lichfield Council with any new entity. Marrakai area was excluded from the current discussion. The current Belyuen stalemate should be resolved by the next election. The Government needs to lead the process for incorporation of the unincorporated lands. The timeframe is probably 5 to 9 years.

December 2016

Council resolved the following in relation to the consultant's report

That Council formally adopt its position as outlined below:

- progressively improve Council's sustainability through efficiencies, resource sharing and continued review of service levels. This also includes seeking additional income sources when appropriate
- selective expansion of the Shire area to include areas which are naturally serviced by Council
- ensure Batchelor remains the centre of administration for the Council
- support NT Government initiatives that achieve the goals identified previously.

That Council advise that the Department of Housing and Community Development that it believes there will be little progress in the incorporation of unincorporated land unless there is long term commitment from the political arm of Government.

January 2017

Wagait Council has requested that Coomalie and Belyuen Council's give permission for the Consultant's report to be made available publically on Council's website.

February 2017

A meeting of the Councils and the Division of Local Government has been arranged for Monday 20th February 2017.

May 2017

The meeting discussed the merits of the report prepared by the consultants titled Working Together - A way forward.

The meeting agreed to receive and note the report, however they believe that the report did not adequately explore the options raised by the Councils and was basically a restatement of the options explored in 2011/12.

In particular, the meeting agreed the following points:

The report does not reflect the views of the three Councils combined, or any one of the three councils.

The report does not discuss the preferred options of the three councils.

The issues relating to the unincorporated lands remains with the Northern Territory Government and the land owners.

The three councils investigate opportunities to undertake planned sharing of services.

The three councils continue to work with the Northern Territory Government on constructive options to address the development of Local Government in the top end.

It was requested that the individual Councils discuss and agree on the 5 points outlined.

Resource Sharing

It was agreed that the CEOs would meet regularly to discuss and investigate resource sharing opportunities with the three councils. This will be separate to the BCWLGAG.

The group could also investigate opportunities to contract to the Northern Territory Government some services currently provided to the unincorporated areas.

It was suggested that initially the group should meet bi-monthly and the first meeting to be held at a suitable date in the first full week of March 2017.

July/August 2017

Executive Director Department of local Government – Lee Williams and Rolf Nilson met with the Council President and CEO to flag potential staged rural council expansion in the Top End. CEO was requested to develop concept and provide estimates if required, using work untaken in 2015. Two further meetings held by the CEO with Department staff to develop the concept and cost analysis.

September 2017

The President summarised for the new Council the reason for the standing order; Amalgamation review and current NT Government position with an expanded rural Council option.

October 2017

October 10th 2017 - Executive Director Department of local Government – Lee Williams and Rolf Nilson special presentation to Councillors on the history of previous years' amalgamation proposals and potential for Coomalie, Litchfield National Park, Belyuen model to be considered.

October OGM confirms Coomalie Councils position via formal resolution and summarised by the following purpose statement.

“That the Coomalie Community Government Council confirms its commitment to

1. *pursue the building of a stronger rural local government model in the region;*
and
2. *to work cooperatively with Councils in developing options that allows for a stronger rural local government model to be established in the region; with the following process being put forward to the Belyuen Community Government Council for its consideration.”*

November 2017

Council has been in discussion with Local Government Division regarding building capacity assistance to assist with expanding Local Government.

After the October meeting the CEO met with the CEO of Belyuen Council. Belyuen Council invited Coomalie Councillors to meet with their Councillors and have a tour of the important facilities of the Belyuen Community. On the 10th November Councillors Turner, Beswick, Bulmer, Moyle and the CEO travelled to Belyuen Council for the first visit.

A reciprocal invitation has been extended for Belyuen Councillors to visit Coomalie on December 1st, 2017.

December 2017

Belyuen Councillors visited Coomalie Council on December 1st. The first meeting of the Working Group was held to establish 4 focus areas (Governance and Administration, Finance and Assets, Works Services and organisational structure, Our Communities) that would be examined as part of a future proposal for consideration. A tour of Batchelor and Adelaide River and part of the rural areas was conducted to conclude the visit.

The CEO's of Belyuen and Coomalie and Finance Manager of Coomalie met at Belyuen on the 6th December 2017 and in conjunction with Local Government Division representatives Kate Wheen and Rolf Nilsson to undertake work planning required over the coming months and what resources are needed in the finance/assets analysis. Asset Condition assessment at both Councils would be a high priority.

Local Member for Daly, Mr Gary Higgins met at the Council on the 13th December 2017, with the President, CEO and Finance Manager to be informed on the current discussions with the Belyuen Council. In discussions Mr Higgins advised of his bipartisan support for the two Council's efforts.

January 2018

The combined working group met on 19th January 2018 at Belyuen. Asset condition review quotations being sought; work will commence on combined financial analysis in the next month; proposed that the two Councils endorse an invitation to the Minister for Housing and Community Services to attend a future combined working group meeting.

February 2018

The combined working group will meet with Belyuen on Friday 23rd.
Progress during January / February has been;

1. Letter of invitation to the Minister for Housing and Community Development (signed by both Presidents) to attend a future Combined Working Group meeting.

2. Various phone hook-ups have been undertaken with Bruce Lorimer, Core Concepts Pty Ltd and Ross Moody RVM management to develop a proposal for an Asset review/due diligence exercise with Coomalie and Belyuen assets. A proposal and letter has been forwarded to the CEO, Dept Housing and Community Development seeking consideration of the proposal that will allow for better information for both Councils on asset condition, information towards consultation on a potential proposal, and towards better asset management by a potential new council. (copy attached).
3. Council Finance Manager and Senior Accounts Officer visited Belyuen on the 13th February 2018. They had discussion with Belyuen staff on the range of programs run by Council through the NT and Commonwealth Governments, visited the General store and had exposure to the Aged Care systems and retail point of sale system and cost allocations between programs.
4. Financial modelling and analysis towards identifying support needed in relation to a potential new Council will need to be commenced shortly. This is assisted by the outcome from the Asset Condition Review proposal, and joint meetings between the two Councils.

2. Asset Condition Review Grant – Combined Working Group Coomalie and Belyuen (to be administered by Coomalie Council)

The CEO, Jamie Chalker, Department of Housing and Community Development, has in relation to Asset Due Diligence project for the Coomalie and Belyuen Combined Working Group, advised of the following in a letter dated 28th February and received on the 5th March, 2018

“Thankyou for your email dated 13th February, 2018, I am pleased to offer the Coomalie Community Government Council a grant of \$40,590 (ex GST) to assist with the delivery of a comprehensive review on the assets of the Coomalie and Belyuen Community Government Councils.

I would like to take the opportunity to remind you that this is a one-off funding arrangement and should not be taken as indicative support for any future funding requests. Future funding requests should be addressed through the Departments recognised Grant Programs.

Given the timeframes with which the working group would like the asset assessment to proceed, I support the proposal for the project to be conducted by Core Business Australia Pty Ltd in line with their Option 2 proposal dated 5th February 2018.

This offer is to be accepted on the conditions outlined in the attached acceptance form/

At the conclusion of the review you are required to acquit this grant.

I thank both Coomalie and Belyuen Community Government Councils for their efforts in this regard.”

Action: In line with the resolution and delegation made by Coomalie Council at its February meeting I have proceeded to enter into a formal arrangement with Core Business Australia to commence the program on behalf of both Councils.

3. Minister for Housing and Community Development – Hon Gerry McCarthy – advice re attendance at Combined Working Group meeting on 23rd March, 2018.

The Minister has advised of the following in a letter addressed to the President’s of Coomalie and Belyuen Councils

Thankyou for your correspondence dated 31st January 2018, inviting me to meet with your working group members.

I would like to tentatively accept your invitation and wish to propose an alternative date of 23rd march 2018 at either Belyuen or Batchelor. Please contact my office to finalise the arrangements.

I look forward to having an opportunity to discuss the future of the two Councils with the working group and thankyou for your efforts to date to develop a proposed way forward.

Yours sincerely

Gerry McCarthy

Minister

Action: I have had a discussion with Christopher Grace, Chief of Staff, Office of Minister McCarthy on the 2nd March confirming that March 23rd would be suitable for the Minister to meet with the Combined Working Group at Belyuen. The Minister would require picking up from the ferry at approximately 10am and would

then meet informally with the Working Group between 10am – 11am. The Working Group would commence its formal meeting after the Ministers visit.

4. Building Capacity Admin for Belyuen, Litchfield NP and Coomalie Council (4 months commencing from January 8th.) and optimum baseline Administration Organisational Structure.

Ongoing monitoring of the building capacity funding will continue to ascertain the length of time each of the funded positions for the original 16 week support period can continue beyond that date. I have spoken to the Department about our original request to have 12 months funding made available so that the required work can be undertaken on building the proposal for both Councils to consider effectively and undertake appropriate consultation. It would appear that this will continue through till August. The funding will be vital to maintain Coomalie's base capacity to undertake the lead role.

I will advise Council further at the meeting if required.

5. Council Review of Strategic Plan – Councillors Workshop Number 4 - March 20th, 2018

Mr Rolf Nilsson will attend the Council meeting for the fourth workshop. This should finalise Councils part of establishing the Strategic Plan. I will be meeting with Rolf on the 14th March at Batchelor to progress this towards conclusion.

Council may wish again to conduct this within the normal ordinary general meeting to allow for formal endorsement or may wish to hold a briefer workshop at the conclusion of the OGM.

6. Community Bus licencing requirements for volunteer drivers

I realise that I have previously reported to Councillors the volunteer drivers licence requirements for our Community Bus. There was recently some minor incorrect advice circulating the community that a licence requirement other than LR is required.

I have had once again the following clarification from our local Police.

Good afternoon Paul,

As per our conversation, a Light Rigid driver's license is required for your 20 person seater bus, NT reg 798881 until 08/11/2018. Please find the attachment with the common heavy vehicle license classifications and prerequisites. Your bus falls within the (Rigid 2 axle bus) 4990kg, GVM. If there are any further questions give us a call.

Tender Documents for period Contract for Cleaning of Public Facilities and Offices etc

The CEO, Operations Manager and Senior Administration Officer have reviewed the tender documents for Cleaning Public toilets and Assets of Council.

These will be advertised shortly and tenderers will have 21 days from the date of the advertisement to submit their interest and pricing.

The tender document contains the required facilities across the Council area.

7. Patient Transport Services for Medical appointments from Batchelor

In the NT News on Monday 12th March there was an article relating to the need for patient transport from Batchelor. COTA NT Chair and Coomalie COTA Chair, Ms Jan Jewell was quoted within the article.

The article is attached for the information of Council.

8. Monsoonal Flood Damage to road network

As council is aware approximately \$600K is the estimated damage to Councils road network. A claim proposal has been submitted by the Finance Manager to the National Disaster and Relief Recovery Agency for assessment. It is hopeful that a declaration for our area will be forthcoming.

This is a process that Council should continue to monitor. There is going to be a greater reporting requirement and assessment have been indicated verbally that would require a significant pre-disaster assessment which is extremely difficult for small human resource Councils to comply with.

9. Additional late items for meeting or updates

The last month has presented a significant workload that may require addition addendum information to be provided to Councillors for this meeting. Budget planning will commence in the new month as well as finalising of the Strategic Plan and significant work on the baseline merger proposal development with workshops in relation to Asset Condition Review, Ministers visit, Financial modelling, Organisation structure etc.

10. Deputation to Council

As advised a request from a ratepayer to present to Council at the March meeting. In discussion with the President it is proposed to allow 15 minutes for this presentation. Due to the workload in the agenda and strategic planning it is proposed this be commenced at 5.30pm sharp.

RECOMMENDATION

That Council receives and notes the CEO's Activity Report for the period February/March 2018.

SUMMARY

In relation to the rain tree at Myrtle Fawcett Park, Adelaide River, an assessment has been received from Remote Area Tree Services.

The report on page 9 identifies the corrective actions recommended for this tree

BACKGROUND

In Adelaide River, Myrtle Fawcett Park, there is a large Albizia Saman (raintree) tree that is located in a prominent and high pedestrian area being near the Public toilets and route through to Health clinic and town

Centre area. There have been concerns raised over a period of time with its condition and longevity and is outside of the scope of our Staff to assess. At OGM 20 February 2018, Council approved a quotation for Remote Tree Services to conduct an assessment of the raintree. The assessment conducted by Remote Tree Services (Richard Kenyon) on Tuesday 6 March 2018 is attached.

SUMMARY

The Department of Health are concerned about the spread of sexually transmitted infections and have requested Council’s permission to install a condom dispenser at the public toilet at Batchelor.

BACKGROUND

The Northern Territory currently has an extremely high rate of STI’s. DOH feel that by providing condoms to the public by installing these stocked dispensing machines would be of an enormous benefit. The Health Department would be responsible for supplying the condom dispensers and Batchelor Health Clinic responsible for keeping these machines stocked.

In August 2017 Council agreed to allow DOH and Adelaide river Health Clinic install and maintain the same dispensing machines at Adelaide River public toilets.

The recommendation below is the same as occurred with the decision for the Adelaide River public toilets.

7.8 REQUEST FOR FEE REDUCTION – NORESSA BULSEY

SUMMARY

Council has received a request from a group wishing to establish a Christian fellowship group and to waive hire fees associated with potential use by up to 12 people. This involved Community Centre hire fee and 12 Chairs and 1 table. The fees would be \$48.50 each usage.

If Council waives the fee, then I believe the group should undertake the required transport of chairs and table and this not be a staff responsibility. Or in this case the group or a member could provide a table with attendees to bring a portable chair.

The Council might also consider a trial period of support to ascertain if it will be a continuing usage in the mid to longer term

BACKGROUND

A letter addressed to the President and Councillors from Ms Noressa Bulsey of Batchelor states as follows:

"I would like to apply to the Council for a reduction or waiver of the hire fees for my booking at the Bruce Jones Community Centre.

I would like to run a christian ladies group for one hour each fortnight. A Group of us have been meeting for a while and would like to offer this fellowship opportunity to the wider community.

We do not have any group funds, and would not be charging people to join us for this community service.

The cost at the moment would be \$35 hire fee, plus \$13.50 for the hire of 12 chairs and 1 table for each meeting.

Any reduction you could offer us would be greatly appreciated.

In an additional letter of explanation:

"I would like to hire the Bruce Jones Community Centre on a fortnightly basis to run a Christian ladies connect group in the Coomalie region. I am a Connect Leader with Hillsong Church at Palmerston.

Currently a group of us which is made up on Batchelor Institute staff and some local ladies meet during our lunchtime. We have been meeting for a while and this year I would like to take the meeting to a central location in Batchelor to give an opportunity for other ladies in the Coomalie region and opportunity to join our group.

If the Centre is available I wish to hire the Bruce Jones Community Centre every fortnight on Thursday for an hour between 12pm – 1pm. I would like to commence our meeting on Thursday 8th March if it is available."

SUMMARY

A project proposal has been put forward via COTA Coomalie for improvements at the Rum Jungle Bowls Club and Bruce Jones Community Centre to allow better access during wet season as well as other improvements.

The project involves assistance from willing volunteers and with the management and support of Council.

BACKGROUND

COTA Coomalie have forwarded an email and a proposal from members of their group proposing improvements in the Rum Jungle Bowls Club and Community Centre area. The letter from COTA states:

"Hi Paul

Attached is a letter from Mary and Dennis Ashley with a proposal for restoration of the parking area at the Bowl Club.

The parking area is again a quagmire and unusable especially by seniors attending events there.

As Mrs Ashley points out the concrete out door area of the bowls club is lower now than the car park and the water just accumulates there during the rain.

This is a generous donation on behalf of the Ashleys and COTA Coomalie endorses this donation and therefore asks that Coomalie Council consider it favourably and endorse the proposal so that everyone will be able in future to make better use of the Bowls Club and the Bruce Jones Centre during the wet.

Thanking you

Jan Jewell

Chair

COTA Coomalie Branch.

On the 30th January at the request of Mary Ashley and Cheryl Bruce I met to discuss a range of matters of interest from the 2 residents.

This proposal is of great interest and in the attached letter provides considerable detail on the project. Summarising the key points of the proposal are:

1. **Carparking area** - Flooding of the area is of concern in the wet for access.
2. Suggest volunteers join with Council to commence improvements.
3. Propose removal of the existing soil surface in car parking area and suggest Ironbark be requested to assist.

4. Dennis Ashley has offered his machinery and truck for excavating ground works and disposing of excess material. Council is being requested to consider providing the diesel for machinery on this part of the project.
5. Council to undertake the specification for the works for the area. Then gravel would be added into the excavate area. Care would be taken to ensure that the car park level was not made higher than the than the concreted area of the Rum Jungle Bowls Club
6. The proponent are advising that gravel would be donated by Mr Angus McClymont of Cheeney Road and has been tested from this registered site. The Ashleys would arrange forwith Mr McClymont in the transporting of the gravel to site Gravel will be added and levelled.
7. **Downpipe on Rum Jungle Bowls Club** – should be moved to other corner of the shed and a spoon or v drain excavated (same side but back corner)
8. **Lack of Water facilities in Bruce Jones Community Centre** – piping should be installed from Bowls Club prior to any works on car park as a preference. Donation of some plumbing supplies would be made if required by Ashley's

SUMMARY

The following summary is the reply from Benjamin Wollinski, Development Assessment Services, Department of Infrastructure, Planning and Logistics

Notification to amend NT Planning scheme clause 8.1.2 (interchangeable use rights in zones Central Business and Commercial).

Refer to the final page showing the proposed changes.

The changes are for Zones CB and C only:

- 1) The changes to Zone CB is to allow CB zones outside of Darwin to use this interchangeable use clause, which was the original intention (Removing reference to Column 3 – Car parking rates in Darwin). This change will now include interchangeable usage rights in other CB zones, such as in Alice Springs and Katherine.*
- 2) The changes to Zone C will allow additional uses of office and showroom sales to be interchangeable.*

The changes will reduce the number of unnecessary Development Applications, reducing red tape, paper work and timeframes for businesses.

BACKGROUND

The attachments provide the background to this public notification process which obviously might have more considerable applicability in the larger regional centres in the NT.

RFQ - Bus Parking Bay - Final

SUMMARY

The Batchelor Institute in 2017 received notice of approval for a grant application to construct a Bus Parking area on Council road verge in Awilla Road adjacent to the Cultural Centre. This was the subject of initial questions being raised late 2017 and more information was sought.

An inspection will need to be organised and a meeting on site with a representative of Batchelor Institute to explain the proposal. The date and time will be advised to Councillors via email.

The Contract Coordinator has been helpful in sourcing available background information on the project.

BACKGROUND

The Contract Co-ordinator, Facilities and Infrastructure Strategic and Shared Services, Batchelor Campus has made email contact and phone contact in relation to grant funding that needs to be acquitted prior to the end of the calendar year. This has come to their notice late due to changeover in management structure at the Institute.

The funding the Institute has received is for the following works on Councils road verge on Awilla road (40 metres in length) on the Batchelor Institute side of the Road. The works are described as for Bus Parking.

Specific Information –

- Parking Bay will be 40mtrs long x 5mtrs wide
- On Awilla Road verge

- Running from the CAC Driveway to the old driveway
- Prepare & compact area for bitumen bus bay at front of Batchelor Institute to be done by contractor
- Seal with S10E PMB Binder
- Spread 10mm of aggregate.

The Operations Manager and myself inspected the proposed site late last year.

An out of session report was forwarded to Councillors late last year where there were on initial email feedback some concerns from Councillors. This was communicated to the Institute and that there would be a need for an on-site meeting and explanation to cover some of the following areas:

As a result of the questions raised from the initial circulation of the matter more information was sought from the Institute. More information has now been supplied on the grant application and letter of support provided by the CEO at the time of the application has been provided to Council as well as the tender documents that as I understand have been advertised with a closing date of end of March. (subject to works being approved by Council)

A site inspection and presentation on the project by the Institute is still necessary necessary as these were some of the questions raised by Councillors back in November. These concern in the main traffic management in this area.

- Is this for bus parking only?, or the expectation is that the general visitors to the cultural centre will park there? If not then, it does appear close to the corner, at 40 metres long, how many vehicles other than buses could be expected to park there? Will it be likely this will encourage visitors to park opposite on the park area?
- Will we then be considering bollards and signage to manage visitors traffic not associated with council business? (Thinking of a similar area and parking concerns near Havlik castle).
- Is there a probability that this will influence pedestrian traffic? The school zone close by and pedestrian crossing encourages foot traffic to that side of the road.
- Why wouldn't the BIITE have parking made available within the property boundary?
 - For the bus to park on college side of road it would need to come in from shop end or do a u turn at corner. What size buses do they expect and when do they expect the centre to reopen. Is the parking bay for general use of all functions at BIITE eg graduation or just for culture centre?
 - I would really like to see the culture centre open and doing well as it was a great tourist attraction.
 - how does a grant and its acquittal apply to land not owned by the Institute?
 - The propensity for accidents is apparent as we can't mandate traffic paths/flow (if buses start doing U-turns outside the Cultural Centre)
 - is the bus stop going to be hard-surfaced, gravel or nothing? (the softer options will impact the edge of Awilla Rd as vehicles move on/off and undermine the existing surface)
 - how are other buses / large vehicles going to be precluded from parking there? (who is going to monitor/control this?) Once one vehicle is present, others often 'follow suit'.
 - What are the full technical specifications of the work that will allow for judgement in relation to butting to the existing sealed roadway, drainage and pedestrian traffic allowance?

More information on the grant application and letter of support provided by the CEO at the time of the application has been provided to Council as well as the tender documents that as I understand have been advertised with a closing date of end of March.

COMMENT

The letter of support from Council CEO would be considered normal practice in support of community organisations and groups in going through the grant application process. The difference in this instance is that it relates to a portion of land under care, control and ownership of the Coomalie Council.

SUMMARY

Council would need to have regard for statutory provisions in relation to permanent or temporary road closures.

BACKGROUND

Re - Permanent Closure Solomon West

I write Council today to request the permanent closure of part of Solomon Road (from approximately 2280M to 4860M west of Cheeney). Please refer to the attached picture for further detail.

This part of Solomon Road is an administrative hangover of Governments policy and process in the 1800s. The solution to the problems it causes however fall to the contemporary Council. The process to sort the issue is relatively simple and inexpensive.

I ask Council to consider the following points in making their decision regarding this matter;

This section of road has never been formed.

This section of road is a no through road.

This section of road does not connect to any other road or boundary.

There is no legal requirement for this section of road.

Council is liable for care and control of this land.

Council has no long term plans to use this road.

Council states it has no resources for maintenance of this land.

Access for any future development in this area is not the responsibility of Council.

It is not economically viable to build a road on this alignment.

I believe Council are already aware of the many negative impacts this part of road has on my life from previous communications over the last 15 years. I would however be happy to address Council personally or supply further written information to again fully inform Council if and as preferred.

I thank Council for consideration of this matter.

STATUTORY ENVIRONMENT

NORTHERN TERRITORY OF AUSTRALIA LOCAL GOVERNMENT (ADMINISTRATION) REGULATIONS

Part 7 Construction and Closing of Roads

19 Permanent closure of road

(1) Before a council submits for the Minister's consent a proposal to close a road in its area on a permanent basis, it must give public notice of the proposal.

(2) The proposal (which must include a plan delineating the road to be closed with reasonable accuracy and detail) must be accessible on the council's website.

(3) The notice must include an invitation to any person who may object to the proposal to lodge a written objection to the proposal within a reasonable period (at least 28 days) stated in the notice.

(4) The council must consider any objections lodged in accordance with the invitation.

(5) If, after publishing a notice under this regulation, the council substantially modifies its proposal (either as a result of objections or for some other reason), the council must publish a fresh notice under this regulation of the modified proposal.

(6) When the council submits a proposal for permanent road closure to the Minister for consent, the proposal must be accompanied by:

(a) a report setting out the steps taken by the council to comply with this regulation; and

(b) copies of written objections (if any) received by the council to its proposal.

20 Substantial temporary road closure

(1) If a council proposes to close a road temporarily but for a substantial period (at least 1 month), the council must, before proceeding with its proposal, consult with the Minister (or the Minister's nominee) and the MLA for the electoral division in which the road is situated.

(2) The council:

(a) must carefully consider written submissions made by the Minister (or the Minister's nominee) and the MLA in the course of the consultation; and

(b) must not proceed with the closure unless satisfied that the reasons for the closure justify the disruption to traffic resulting from the closure.

(3) However, this regulation does not apply if:

(a) the road to be temporarily closed is a laneway; or

(b) the road closure is urgently necessary in the interests of safety.

SUMMARY

Bombing of Darwin

The Bombing of Darwin Service was successful, we had 80 people attend the service coming to pay their respects, with the Essington school choir who attended and sang "I am Australian" & "Advance Australia Fair". We also had NORFORCE who attended and provided the Bugler, Priest, Catafalque Party, Flag Party and Medic to make the service extra special. Thank you to everyone who attended.

Basketball

On Friday the 2nd of March, the NT youth Diversion and the Batchelor Police attended the Batchelor Area School and conducted Basketball drills for the children in the Coomalie Shire. The event was a success with about 30 children attending the program for drills and a sausage sizzle after. I will be working closely with the NT police Youth Diversion to obtain a regular visit to the Coomalie Shire (we are currently looking at once every 2-3 months at this stage) to engage with the children of the Coomalie shire and build positive relationships with the Police and the youth in the shire.

Swimming

I have been running my Pool Fun Program on Mondays between 3pm and 5pm throughout the month of March. I will report with attendance levels in the April report. I have completed my AustSwim accreditation and I am now completing the training hours with Royal Life Saving Australia. I have been up in Darwin on the 1st & 15th of March Completing my Infants Accreditation. On the 23rd, 24th and the 25th of March I will be in Darwin Completing my WETS Aqua Aerobic accreditation. I look forward to updating you on my success next month.

Pool Fun Program

I have commenced the March Pool Fun Program and have recently purchased some pool equipment to assist with my program and games. I will provide a full report with statistics for Council in the April report.

After School Sports

I have finally received the new sports equipment and the children in the Coomalie Region are overjoyed to be participating in new sports. The After School Sports has been running on Tuesdays down at Adelaide River and Thursdays at Batchelor. The children are currently playing tee ball and soccer, I will continue the program throughout the first term of school and I will review the program after the first term and change the activities to avoid boredom within the shire.

School Holiday Program

I am currently working on the June/July School Holiday Program, I am looking at taking the children to the following destinations: The Leanyer water park, Adelaide River Queen Cruises, a pool party in Batchelor, Planet Tenpin and a day in Darwin with NT hockey. The grant has been submitted and I will notify Council as soon as the application has been approved.

Territory Day

The grant has been submitted to NT festivals to gain some entertainment for Territory day. I have secured a Live Band, Hyper the Clown and I have spoken to stall holders and asked if they would like to come down and run their stalls in the afternoon to promote local engagement within the Community. I am in process of applying for the Fireworks Grant and I will advise Council at the next monthly meeting.

Active Family Fun Day

On 11th of April we will be conducting an Active Family Fun Day at the Batchelor Pool, this is to congratulate the children graduating to the next swimming level. A free sausage sizzle will be provided and games and prizes will be provided by Royal Life Saving Australia, the Active Family Fun Day is open to the Public.

Seniors Month

The 2018 Seniors Month grant has been submitted. I will be taking the Seniors from the Coomalie Region in one big trip (one bus from Adelaide River and one bus from Batchelor) to the Territory Wildlife Park, after the park we will be heading to the Berry Springs Tavern for some lunch. We will then be finishing our day up by heading to the Darwin River Dam wall for some site seeing prior to departing back to the Coomalie Shire.
