SUMMARY**Batchelor Airport**

Consultants are currently working on the preparation of the draft Master Plan. The consultants will be holding a workshop for industry at 3.30pm on Tuesday 26 July 2016 and a public presentation at 5.00pm prior to the Council meeting.

Gazettal of Various Roads

Council has requested that both Chin Rd and Cheeney Rd North be Gazetted as public roads. We were advised that this could be done under the Local Government Act. Upon submission of the request to the Minister for Local Government, Council was then advised that this was not possible as the land over which the roads are located is on NT Land Corporation land.

NT Land Corporation have advised that they consider that the current agreement remains in place and that they are preparing a new licence to cover the period until a way to gazette the roads is found.

CEO Compass Resources

Compass resources management provided a briefing in mid May on the proposed re commencement of operations at the mine.

However the website now advised that the KordaMentha were appointed Receivers and Managers of Compass Resources Ltd by a secured interest duly registered on the personal property register on 17th June 2016. Accordingly the Receivers have assumed control of Compass Resources Ltd until otherwise advised. Prior to the appointment of the Receivers and Managers, Ferrier Hodgson were appointed as voluntary Administrators.

Furthermore Pitcher Partners were subsequently appointed Receivers and Managers by a subordinate secured creditor on 24th June 2016 pursuant to a security interest.

Road Signage Audit

Council staff assisted a sub-committee of the Litchfield Region Tourism Advisory group carry out an audit of all road signage between Pinelands to the south of Crater Lake Road on the Stuart Hwy last year. The audit also included Batchelor Road and part of Rum Jungle Road. The purpose of the audit was to request the Department of Transport to improve signage to Batchelor.

One Tangible result has been that Batchelor town signs have now been erected by the Department of Infrastructure. The draft report includes improved recognition of Adelaide River and to some extent Batchelor particularly around Crater Lake Road. It also recommends removing some of the clutter of signs.

Flying Foxes in Batchelor

Council has received a number of requests to assist deal with the large population of flying foxes that have taken up residence in Batchelor.

The animals arrived in early May and are roosting in trees in Bicentennial Park, trees in Naranga Street and Tarkarri Rd. They have made parts of Bicentennial Park unusable and are creating both audio and physical nuisance to affected residents.

A meeting was held with Parks and Wildlife on 20th July 2016 to better understand the issues involved and possible actions that can be taken to encourage the animals to move on. It is proposed to attempt to form a small community committee towards the end of August to investigate a community action strategy.

RECOMMENDATION

That Council receives and notes the CEO's Activity report for June/July 2016.

7.6 REQUEST FOR A TEMPORARY ROAD CLOSURE

Applicant:	Northern Territory Land Corporation
Location/Address:	N/A
File Ref:	CC / 19
Disclosure of Interest:	Nil
Date:	26th July 2016
Author:	Leigh Ashford, Chief Executive Officer
Attachments:	Letter NTLC

SUMMARY

THE NTLC has again written to Council requesting that the eastern sections of Owens Lagoon Rd adjoining their properties be closed on a substantial temporary basis.

Council can consider a Substantial Temporary Road Closure after consultation with the Minister and the Local Member.

The request involves Owens Lagoon Rd west of the boundary with the unformed Otto Creek Road. Owens Lagoon Road does not provide access to Adelaide River. Current tracks to the river cross NTLC land.

The Corporation's primary concern is to place its land holdings under effective control for pastoral purposes. It will restrict access to NTLC except by invitation from the particular licences involved.

The request can only be considered after consultation with the Minister. In this case it is appropriate that Council gauge the local community views as well prior to assessing the request.

BACKGROUND

Council considered further Reports at its January 2015 meeting and the March 2015 meeting. It decided not to have a policy and that its decision would not be reviewed until 2019.

Council resolved at its meeting of June 2015 that it would not lease or licence this section of road to NTLC.

7.7 PROPOSED SUBDIVISION OF SECTION 137 HUNDRED OF HOWARD

Location/Address:	Section 137 Hundred of Howard
File Ref:	NA
Disclosure of Interest:	Nil
Date:	17th January 2016
Author:	Leigh Ashford, Chief Executive Officer
Attachments:	Proposed Plan of Subdivision

SUMMARY

Mrs M Rousseau has submitted a Development Permit (subdivision) Application for the creation of 5 Lots over Section 137, Hundred of Howard. The closing date for submissions to the Department of Lands and Planning is Friday 15th July 2016.

The subdivision is to split Section 137 into five lots. Four of the lots are accessed by Heathers Lagoon Rd. The proposed Lot 1 is accessed by Heathers Lagoon Side Road. The road reserve is approximately 200m long and currently provides access to Section 116. Culverts have been installed at the intersection with Heathers Lagoon Rd, however the rest of the road could best be described as track. It has not had any work carried out on by Council for many years.

It is understood that in the past Council has requested that developer bring the roads up to an appropriate standard suitable for the location. In this case it would be a property access road. In this case as the road will only service 2 properties, the appropriate standard should be a 6.0m formation and a 4.8m gravel surface. The base is generally rock and the gravel will only be required for improving the ride.

The developer will also be required to construct access to each individual Lot in accordance with Council's Subdivision Policy. There appears to be suitable locations for each Lot. This will be finally determined between the Developer and Council Operations Manager.

SUMMARY

School Holiday Program Jun-Jul 2016

This program has been successful, well attended with most days being booked out and much positive feedback from children and parents. However, the CRO was disappointed in the lack of community and parental support to assist with this program for the four week duration. The CRO engaged the services of a casual assistant to help with the program on several days. The future school holiday programs may be reduced should there not be support for this program or fees increased to cover the wage of someone to assist the CRO.

Community Recreation Reference Committee

Expressions of Interest forms are still placed at collection points in the general stores in Adelaide River and Batchelor, these will be collected, reviewed and a database created early August.

Territory Day 1st July 2016

Adelaide River and Batchelor Territory Day celebrations were successful.

Kylie Turner Memorial Cricket Cup - 24th July

Special event permit has been obtained for this event.

Lingalunga Cricket Cup – 30th July

The CRO is co-ordinating the Lingalunga Cricket Cup alongside NT Cricket.

Seniors Month – August 2016

The program for the senior's month events has now been released, with three events planned over the course of the month, including two outings out of the shire and one event in Batchelor. These events were collaboratively planned with COTA (NT). Details have been mailed to Coomalie senior residents.
