SUMMARY

CEO Activities Report November meeting 2019

1. Key meetings/discussions attended

October 8th -Isiah Firebrace concert/workshop for youth in special one-off appearance at Batchelor.

October 9th – Big Rivers Waste Management Coordinator discussion re Shredder proposal status, Adelaide River Waste Operation Plan review in December on site.

October 15th – discussion with DIPL re costs of shredding green waste at the Adelaide River site and Batchelor Region, he will come back with a potential memorandum of understanding and fee charge proposal for Council consideration.

October 15th – November 11th – considerable work with Acting Corporate Services Officer in relation to recruitment requirements of CEO position

October 15th – training session for five Elected Members and CEO with requirements of LG Act and potential new LG Act and ICAC requirements.

October 22nd - Litchfield Regional Tourism Inc – launch at Territory Wildlife Park – Berry Springs attended by approximately 30-40 reps from tourism, Councils and Government agencies.

October 24th – Community Recreation officer resigned.

October 26th – November 8th – continuing issues and discussions with Telstra, Area 9 and Councilwise by all admin staff in relation to deterioration in data connectivity speed and cloud based uploading particularly hampering functionality of Council IT systems.

November 8th – Special Council meeting to adopt annual report and financial statements for 2018/19

November 11th – preliminary update from Department of Primary Industries Mines Division in relation to Rum Jungle Mine rehab proposals and required studies.

November 15th - First meeting of Big Rivers CEO Forum initiated by Acting CEO, Katherine Town Council. (Coomalie phone in)

2. Belyuen Coomalie Combined Working Group – Merger proposal.

Unfortunately, Belyuen Councillors and CEO needed to cancel the informal meeting with Coomalie Councillors scheduled for November 1st. A new meeting date will be attempted before Christmas. This meeting was planned to discuss progress arising from the Minister for Local Government, Housing and Community Development letter to the 2 Councils requiring further analysis with Belyuen Council. A meeting even via phone needs to be had with Maree DeLacey to update progress on the merger proposal into early 2020.

3. January OGM or Special meeting if required.

The Council office will close from the 20th December at 4pm and reopen on Monday 6th January 2020.

As the December Council meeting will be held on the 17th December, 2019 and the January meeting is scheduled for the 20th January, 2019, subject to workflow and matters requiring decision of Council during January it may be an option to consider only holding a special meeting of Council in January to deal with specific matters.

The timing of commencement of a new Chief Executive Officer may require certain enabling resolutions.

Better assessment of the need for an Ordinary General Meeting in January will become more evident by the December 2019 OGM.

4. Staff and Administration

Due to cloud based upload data speed issues in relation to Telstra, Area 9 and our ageing modems/routers as reported by the Finance Manager report has resulted in significant disruption for administration staff and pushing through normal workload over the last month. I thank them for their patience as we await the required new equipment from our IT providers that will solve the problem.

Community Recreation officer has resigned. – Relief CRO will manage major events between December/January to assist Council on casual basis as well as assistance with another casual who has worked for Council this year. Recruitment for new CRO FT to be commenced shortly.

Casual Operations Field Officer has been advertised on an open and ongoing call basis as in previous years to supplement the Operations team staff during periods of leave or absence of field staff.

7.6 REMOTE SPORT FUNDING AGREEMENT

Date:	19 th November 2019
Author:	Paul McInerney, Chief Executive Officer
Attachment:	Remote Sport 5 Year Funding Agreement - Coomalie Community Council Remote Sport Letter of Offer - Coomalie Council

SUMMARY

The proposed Five-Year Grant Funding Agreement between Council and the Department of Tourism, Sport and Culture is a new system for the operation of the Remote Sports Program which part funds the Community Recreation Officer position. The Five-year Grant Funding Schedules specify the expected programs that are set to run. However, there is flexibility to alternate nominated sports or recreation with other sports that may have the interest of the public and particularly young people. (for example, cricket is a nominated sport, yet softball may have more interest, and these can be swapped) KPI's need to be maintained.

BACKGROUND

Dear Mr McInerney

RE: OFFER OF FUNDING

The Department of Tourism, Sport and Culture invests in the sport and active recreation sectors in the Northern Territory with the vision of creating compelling reasons to live in and visit the Territory. The Department works to achieve this through the provision of financial assistance to individuals and organisations across a range of grant programs.

We are pleased to advise that Coomalie Community Government Council has been approved for a sport and active recreation grant as per the details below:

This offer of funding is subject to signing and returning the attached agreement to

Grants.SportRec@nt.gov.au indicating your intent to comply with the terms and conditions of the offer. You should retain a copy of your agreement; however, it will also be stored on Grants Tracker, the department's online grant management system.

This offer will lapse unless a signed copy of the Agreement is returned within 28 days from the date of this letter. We wish you every success in achieving your goals through the use of this funding.

SUMMARY

This LGANT Committee Environment, Transport & Infrastructure Reference Group Meeting is holding a waste forum for Council Operation Staff in Darwin on the 3rd December 2019.

This is extremely important as the EPA has advised that populations under 1000 now are no longer exempt from licensing and that waste levies and collection charges constitute a commercial charge that requires listed wastes accepted require to be licensed.

I am proposing to attend along with the Operations Manager and Operations Supervisor. It may also be worthwhile to have the Finance Manager attend this session due to financial impacts of licensing and future operation costs. In speaking with Peter McLinden, he has advised me the meeting is for officer/operations staff to bring to the table operational issues and that there would be an Elected Members forum conducted at a later date after the working group meeting on the 3rd December 2019.

BACKGROUND

The following notice of waste forum was received from LGANT and was forwarded when received for the attention of Councillors.

Subject: ETIRG - waste forum information

Good morning. Please find attached a draft programme for the forum being held 3 December 2019. I have included the names of those who will be attending to date.

The forum is being held due to EPA licensing requirements of remote landfills. Previously, landfills servicing populations less than 1,000 were exempt from holding an Environmental Licence but this is no longer the case.

Any landfill that accepts listed wastes such as waste oil, car batteries and tyres are required to apply for, and hold, an Environmental Licence issued under the Waste Management and Pollution Control Act. The legislation states that if these items are accepted for a commercial or fee for service basis, a licence is required. The EPA interprets the waste levy charge to be acceptance of these items as being on a commercial basis and therefore a licence is required.

Initially, the idea was to get the two regional Waste Management Working Group Councils (Central Australia and Big Rivers) together but has now been expanded to include the Top End Regional Councils. Councils that don't operate a landfill haven't been invited and Nhulunbuy already has a licence so also weren't included.

Ideally, one person from each Regional Council plus the two working group coordinators would attend. This will be an informal process and is about sharing waste management experiences and working together to find a common approach to the licensing issues.

I have invited panel members from the EPA, Department of Health and Northern Land Council but don't have confirmation as yet.

There is no registration required for this forum – I just need names and any dietary requirements.

Kind regards,

Meredith

7.8 CLOSURE OF THE COUNCIL OFFICE CHRISTMAS/ NEW YEAR PERIOD

SUMMARY

The Christmas public holiday this year falls on Wednesday 25th December 2019 and the New Year's public holiday falls on Wednesday 1st January 2019.

Historically can be a very quiet period of the year with very little commercial, business or Local Government activity. It is appropriate that Council does not open the Administration office during this time and the staff take leave.

The administration staff have had an exceptionally busy year and it is proposed with the two public holidays falling on a Wednesday to take advantage of this and provide for a longer holiday period. The Operation team will still operate during this period due to the onset of the wet season and normal town tidy ups. The Acting CEO will also be on call should it be necessary to follow up on any matters administratively.

This year due to the mid-week falling of Christmas Day and New Year's Day it is proposed to close the administration office from 4pm on Friday 20th December 2019 and reopen on Monday 6th January 2020.

Provision has been made to ensure that essential operational requirements will be maintained. These include the clean-up of the parks, pushing up of the rubbish tips and emptying of the transfer bins. Garbage collection will be as normal. The pool will be closed on Christmas Day 25th December 2019.

BACKGROUND

COMMENT

Whilst the administration is very quiet there is still a requirement to carry out activities such as Rubbish Transfer and clean up in the parks and gardens as well as provide emergency assistance if required. The skeleton works staff crew will carry out any maintenance or normal programmed work. An operation staff person will be available on call in the case of any emergencies. Period Contractors will be alerted for call if required in an emergency.

SUMMARY

Australia Day falls in 2020 on the last Sunday of January 2020 and there is a public holiday on the Monday.

Whilst Council may not have a full time Community Recreation Officer by then if Council wish to revisit its discussion at the February 2019 meeting to advise its intentions. No funds are budgeted for entertainment and Council relies mainly on a grant from the NT Government which assists along with other donations in putting on the free Big Breakfast.

It is not known yet whether the NTG will be providing any funding for the 2020 event and they are normally very late in mid-January in advising of funds for Australia Day celebrations. This makes event/entertainment planning problematic.

Candice Rowlands, casual CRO will be the convenor for the formal Australia Day presentations, planning and Big Breakfast organisation. Planning has already been undertaken for the 2020 event in conjunction with Batchelor Area School and Stadium usage which provides cover in the event of rain on the day.

Nominations for the three main awards of Citizen of the Year, Young Citizen of the Year and Community Event of the Year have been advertised and forms placed at outlets in Batchelor and Adelaide River.

SUMMARY

Council normally holds a Christmas windup for the year in December for its staff/councillors. A variety of venues have been used over the years. This event has a small nominal contribution from Council.

BACKGROUND

Council Staff have suggested that this year's function be held at the Rum Jungle Bowls Club for staff members and Councillors on Friday the 13th of December 2019. Due to the limited funding available it is not proposed to include partners or children this year.

Staff believe that this informal setting away from the Council office is a better option with finger foods and nibbles and some refreshments supplied along with a casual game of night owls bowling. This is to also fit within budget allocation.

Council agreement to provide the community bus for transport would also be appreciated and staff would try and organise a driver.

Council's audited financial statements were completed near the end of October and an unqualified audit report was received, which is good news. The annual report and audited financial statements for 2018/19 were received and noted with a few changes at the Audit Committee meeting last week. The new software has enabled us to set up financial statement reports and most notes directly from the system which makes the entire process transparent and more efficient.

Rates were due and payable Friday 4th October and they are still slowly coming in. It is interesting to note with our arrears that half the overdue amount is the current levy and the other half is the rate arrears from prior years.

Since moving all of Council's team over to one drive on the cloud, our internet data and plan has not been enough, and the systems are extremely slow; or in some cases not working at all. The biggest issue is the upload capacity (saving documents back up into the cloud) and this is crashing our systems to a halt. The router is over 9 years old and this will have to be replaced ASAP for around \$3-5k plus installation \$2-3k, coupled with increased internet data on ADSL and Mobile Broadband (so one drive can be separated from the daily functions of Xero and Propertywise), hopefully we should see some improvements. If not, fibre optic may need to be considered at \$2500/month. Fibre optic will enable an upload and download of 50mbps compared to our current upload of 0.7-2 mbps.

Council has received a 5-year grant agreement from the Department of Sport and Recreation for the Community Sport and Recreation Officer for funding of \$44,674 pa for five years. This is excellent with respect that we know our funding levels for the next five years. It would be much easier on the budgeting process if all Departments followed suit.

The NDRRA flood damage acquittal was lodged this month expending the entire grant of \$228,000.

Two Special Purpose Grant applications were lodged recently, one for Irrigation replacement in parks and gardens that are on mains water for around \$70,000 and another for Konnect asset renewal software for around \$28,000.

A Strategic Local Government Infrastructure Fund application was also lodged for \$170,000 for Miles Road Stormwater Drainage project.

Work has commenced on the SPG for a transportable and electricity at the Adelaide River waste site. Once completed and Council and other organisations are happy with the progress, we will commence on the Batchelor waste site.
